REPORT

OF AN EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

CITY OF NASHUA

FOR THE FISCAL YEAR ENDED

DECEMBER 31, 1960

Made by

THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
April 24 - May 11, 1961

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

May 23, 1961

To the Mayor and Board of Aldermen

Nashua, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the City of Nashua for the fiscal year ended December 31, 1960, which was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

The accounts and records of all city officials charged with the custody, receipt and disbursement of city funds were examined and audited. An examination was made of a sufficient number of vouchers, payrolls and cancelled checks to satisfy the requirements of accepted standards of audit procedure. Receipts were checked by source insofar as possible. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to taxpayers whose accounts appeared to be delinquent according to the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

Comparative Balance Sheets (Revenue Accounts) - December 31, 1959 - December 31, 1960: (Exhibit A-1)

Comparative Balance Sheets (Revenue Accounts) for the fiscal years ended December 31, 1959 and December 31, 1960, are presented in Exhibit A-1. As indicated therein, the Surplus increased by $3,406.12, from $188,768.43 to $192,174.55 in 1960.

Analysis of Change in Current Financial Condition: Exhibit B-2)

An analysis of the change in the current financial condition of the City during the year is made in Exhibit B-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Surplus

Net Budget Surplus	$132,125.65	
1955 Overlay Written Off	17,700.98	
Tax Redemptions—Previously Charged Off	38.40	
Transfer from Park-Recreation	10,000.00	
		$159,865.03

Decrease in Surplus

Surplus Used to Reduce Tax Rate	$ 45,000.00	
Supplemental Appropriations from Surplus	102,100.00	
1955 Taxes Written Off	5,394.03	
Refunds of Overpayments	1,897.58	
Prior Years' Head Tax Settlement	2,065.50	
Excess Debits (Net)	1.80	
		156,458.91
Net Increase		$ 3,406.12

Increase in Bonded Indebtedness:

The bonded indebtedness of the City (including School debt) increased by $1,086,000.00 in 1960, as shown herewith:

	Bonded Debt December 31, 1959	Bonds Issued in 1960	Bonds Retired in 1960	Bonded Debt December 31, 1960
Sewer, Health & Sanitation Loans	$ 70,000.00	$ 910,000.00	$ 15,000.00	$ 965,000.00
Widening Main & Water Streets	160,000.00		20,000.00	140,000.00
Public Improvement Loans	24,000.00	305,000.00	6,000.00	323,000.00
Fire Equipment Loans	12,000.00		3,000.00	9,000.00
School Loans	989,000.00		85,000.00	904,000.00
	$1,255,000.00	$1,215,000.00	$129,000.00	$2,341,000.00

Statement of Bonded Indebtedness: (Exhibit W)

A statement of outstanding bonded indebtedness as of December 31, 1960, showing annual debt service requirements, is contained in Exhibit W.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenue: (Exhibits D & E)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1960, are presented in Exhibits D and E. As indicated therein, a net unexpended balance of appropriations of $84,847.73, plus a revenue surplus of $47,277.92, resulted in a net budget surplus of $132,125.65.

Tax Collections:

Tax collections (exclusive of State Head Taxes) of the current year's levy, as compared to taxes assessed, for the years of 1959 and 1960, were as follows:

	Levy of 1959	Percent	Levy of 1960	Percent
Taxes Assessed—Current Year's Levy	$3,919,868.25		$4,156,261.38	
Taxes Collected—Current Year's Levy	$3,606,394.72	92.0%	$3,815,748.98	91.8%
Taxes Abated—Current Year's Levy	11,634.23	.3%	8,386.23	.2%
Uncollected Taxes—Current Year's Levy	301,839.30	7.7%	332,126.17	8.0%
	$3,919,868.25	100.0%	$4,156,261.38	100.0%

Conclusion:

The accounts of the city officials and departments which we examined were found in good condition and the accounting and financial procedures conformed to accepted methods. We extended our thanks to the officials of the City of Nashua and their office staffs for the assistance rendered during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, *Director*
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the City of Nashua for the fiscal year ended December 31, 1960. In our opinion, the Exhibits included herewith reflect the true financial condition of the City on December 31, 1960, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, *Director*

RESOLUTION

AUTHORIZING FILING OF APPLICATION WITH THE UNITED STATES OF AMERICA FOR AN ADVANCE TO PROVIDE FOR THE PLANNING OF PUBLIC WORKS UNDER THE TERMS OF PUBLIC LAW 560, 83rd CONGRESS OF THE UNITED STATES, AS AMENDED CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, City of Nashua, herein called the "Applicant," after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as Extension of South Merrimack Interceptor is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, 83rd Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, the Applicant has examined and duly considered such Act and the Applicant considers it to be in the public interest and to its benefit to file an application under said Act and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY The Board of Aldermen, the governing body of said Applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the Applicant, and to the end that such public works may be provided as promply as practicable it is desirable that action preliminary to the construction thereof be undertaken immediately;

2. That the Mayor be hereby authorized to file in behalf of the Applicant an application (in form required by the United States and in conformity with said Act) for an advance to be made by the United States to the Applicant to aid in defraying the cost of plan preparation for the above described public works. Such plan preparation shall consist generally of the preparation of plans and specifications for an additional sedimentation basin at the sewage treatment plant and 10,000 feet of intercepting sewer.

3. That if such advance be made, the Applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of the plan preparation of such public works.

4. That the said Mayor is hereby authorized to furnish such information and take such other action as may be necessary to enable the Applicant to qualify for the advance;

5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the Applicant for the purpose of furnishing to the United States such information, data, and documents pertaining to the application for an advance as may be required; and otherwise to act as the authorized representative of the Applicant in connection with this application.

6. That certified copies of this resolution be included as part of the application for an advance to be submitted to the United States.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE TO FILE AN APPLICATION FOR A GRANT TO BE MADE BY THE UNITED STATES TO AID IN DEFRAYING THE COST OF THE SEWERAGE TREATMENT WORKS CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, The City of Nashua, herein called the "Applicant", after thorough consideration of the various aspects of the problem and study of available data, has hereby determined that the construction of certain works required for the treatment of sewerage, generally described as Extension of South Merrimack Interceptor, herein called the "Project", is desirable and in the public interest, and to that end it is necessary that action preliminary to the construction of said Project be taken immediately; and

WHEREAS, under Secion 466e, Title 33, of the United States Code the United States of America has authorized the making of grants to aid in financing the cost of construction of necessary treatment works to prevent the discharge of untreated or inadequately treated sewage or other waste into any waters and for the purpose of reports, plans, specifications in connection therewith; and

WHEREAS, the Applicant has examined and duly considered said section of the **United States Code,** and related sections, and the Applicant deems it to be in the public interest and to the public benefit to file an application under said section of the **United States Code** and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY the Board of Aldermen, the governing body of said Applicant, as follows:

1. That the construction of said Project is essential to and is in the best interests of the Applicant, and to the end that said project may be constructed as promptly as practicable it is desirable that acion preliminary to the construction thereof be undertaken immediately;

2. That the Mayor be hereby authorized to file in behalf of the Applicant an application (in the form required by the United States and in conformity with 33 U. S. C. 466e) for a grant to be made by the United States to the applicant to aid in defraying the cost of construction of the sewerage treatment works described above;

3. That if such grant be made, the Applicant agrees to pay all the remaining cost of the approved Project, over and above the amount of the grant;

4. That if such grant be made, the Applicant agrees to make provision satisfactory to the Surgeon General of the Public Health Service for assuring proper and efficient operation and maintenance of the treatment works after completion of the construction thereof;

5. That the said Mayor is hereby authorized to furnish such information and to take such other action as may be necessary to enable the Applicant to qualify for the grant:

6. That the said Mayor is hereby designated as the authorized representative of the Applicant for the purpose of furnishing to the United States such information, data, and documents pertaining to the authorized representative of the Applicant in connection with this application;

7. That certified copies of this resolution be included as part of the application to be submitted to the United States, for a grant.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE TO PURCHASE CERTAIN REAL ESTATE ON MAPLE STREET FOR A PARKING LOT

(Mary Caron)

CITY OF NASHUA

(Endorsed by Alderman Robert G. Pollock)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge be and is hereby authorized to purchase on behalf of the City of Nashua and on terms hereinafter provided, the following described real estate which is to be hereafter used for a public parking lot:

A certain parcel of land with the buildings thereon located at Nashua, County of Hillsborough and State of New Hampshire, bounded and described as follows:

Beginning at the Southeast corner of the premises on Maple Street; thence running

(1) Westerly on land formerly of A. F. Andrews, eighty-three (83) feet more or less; thence running

(2) Northerly on land of said Andrews formerly, and land formerly of T. H. Dodge, said land being thirty-five (35) feet more or less; thence running

(3) Easterly on the Dodge land eighty-three (83) feet more or less to said Maple Street; thence

(4) Southerly by said Maple Street, thirty-five (35) feet to the place of beginning.

Also the same right which grantor has to connect with the pipe laid down by Thos. H. Dodge from Mulberry Street for the purpose of drawing water on the condition that the said grantee, their heirs and assigns shall and do pay one fourth part of the expense of keeping said pipe in repair, upon default of the said grantee to pay one quarter part of the expense, said right to draw water through said pipe as now drawn or in other manner, shall cease forever.

Meaning and intending to convey the same premises as conveyed to Mary Caron by deed dated May 25, 1933 and recorded in Vol. 923, page 20 of the Hillsborough County Registry of Deeds.

Be It Further Resolved:

That the consideration to be paid therefore shall not exceed $8,000.00 and upon tender of a good and merchantable title to the premises by the owner thereof the City Treasurer, upon request of the Mayor, in the usual way, shall draw his check for said amount, this amount to be drawn from the Parking Meter Fund.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE TO PURCHASE CERTAIN REAL ESTATE ON MAPLE STREET FOR A PARKING LOT

(Loukides)

CITY OF NASHUA

(Endorsed by Alderman Robert G. Pollock)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized to purchase on behalf of the City of Nashua and on terms hereinafter provided, the following described real estate which is to be hereafter used for a public parking lot:

A certain tract or parcel of land with the buildings thereon situate on the West side of Maple Street, so-called, in said Nashua bounded and described as follows, to wit:

Beginning at the Northeast corner of the premises on said Maple Street at land heretofore sold to Mary R. Munroe; thence running

(1) Westerly by said Munroe land eighty-two and one-half (82½) feet to a stone bound; thence

(2) Southerly forty-five (45) feet to a stone bound; thence

(3) Easterly eighty-two and one-half (82½) feet to said Maple Street; thence

(4) Northerly by said Maple Street forty-five (45) feet to the place of beginning.

Meaning and intending to convey the same premises as conveyed to Stephen Loukides, (also known as Steve Loukides) and Theresa Loukides by deed dated December 30, 1949 and recorded in Volume 1244, page 199 of the Hillsborough County Registry of Deeds.

Be It Further Resolved:

That the consideration to be paid therefore shall not exceed $12,800.00 and upon tender of a good and merchantable title to the premises by the owner thereof the City Treasurer, upon the request of the Mayor in the usual way, shall draw his check for said amount, this amount to be drawn from the Parking Meter Fund.

AUTHORIZING HIS HONOR THE MAYOR AND CITY TREASURER TO ISSUE BONDS IN THE AMOUNT OF THREE HUNDRED AND FIVE THOUSAND ($305,000.00) DOLLARS TO PAY THE COST OF THE CONSTRUCTION OF A NEW FIRE STATION, THE REPAIRING AND IMPROVEMENT OF THE MEMORIAL LIBRARY, IMPROVEMENTS AT THE MUNICIPAL AIRPORT AND FOR SANITARY SEWER SYSTEMS CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge and City Treasurer, Edward R. Benoit are hereby authorized to issue and sell under the direction of the Finance Committee of the Board of Aldermen, negotiable general Obligation Coupon Bonds of the City of Nashua in the aggregate principal amount of Three Hundred and Five Thousand ($305,000.00) Dollars. Said Bonds are to be issued for the purpose of paying the following costs.

1. Fifty Thousand ($50,000.00) Dollars for the construction of a New Fire Station to be located at the Municipal Airport on Pine Hill Road, Nashua, and the expected useful life of said public works is hereby determined to be at least forty (40) years.

2. Fifty Thousand ($50,000.00) Dollars for the repairing and stocking of books and other improvements of the Memorial Library located at 257 Main Street, Nashua and the expected useful life of improvement is hereby determined to be at least forty (40) years.

3. Thirty Thousand ($30,000.00) Dollars for the improvement of the taxiways at the Municipal Airport (Boire Field), Nashua and the expected useful life of said public work or improvement is hereby determined to be at least forty (40) years.

4. One Hundred and Seventy-five Thousand ($175,000.00) for the construction of Sanitary Sewer Systems to be located on East Dunstable Road, Nashua and at Broadacres, Nashua, and the expected useful life of said public works or improvements is hereby determined to be at least forty (40) years.)

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad-valorem taxes which will be levied without limitation as to rate or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire or at the holder's option at the First National Bank of Boston, Boston, Massachusetts.

The coupons shall bear the facsimile signature of the City Treasurer. None of the said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF NINE HUNDRED AND TEN THOUSAND ($910,000.00) DOLLARS TO PAY THE COSTS OF THE SEWERAGE TREATMENT PLANT, THE SALMON BROOK INTERCEPTOR AND THE ACQUISITION OF LAND AND EASEMENT FOR SAID PROJECT CITY OF NASHUA

(Endorsed by Mayor, Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, and the City Treasurer, Edward R. Benoit, are hereby authorized to issue and sell, under the direction of the Finance Committee of the Board of Aldermen, negotiable General Obligation Coupon Bonds of the City of Nashua in the aggregate principal amount of Nine Hundred and Ten Thousand ($910,000.00) Dollars. Said bonds are to be issued for the purpose of paying the costs of the Sewerage Treatment Plant, the Salmon Brook Interceptor and the acquisition of Land and Easements for said Project which is to be located in the South end section of the City of Nashua, and the expected useful life of said public works or improvement is hereby determined to be at least fifty (50) years.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad-valorem taxes which will be levied without limitation as to rate or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire or at the holder's option, at the First National Bank of Boston, Boston, Massachusetts.

The coupons shall bear the facsimile signature of the City Treasurer. None of the said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

TO THE HONORABLE BOARD OF ALDERMEN:

Gentlemen:

Under the provisions of Chapter IV, Section 7 of the Revised Ordinances of the City of Nashua (1950), I submit, herewith, my recommendations for the necessary amount of money which should be appropriated for the several departments and other needs of the City of Nashua for the year 1960; and, for the purposes of Section 3, Part 1 of Chapter VII of the Revised Ordinances of the City of Nashua, each item of this budget shall be considered as a separate appropriation.

For convenience, account numbers have been assigned to each item of the budget. When a department makes an expenditure, it will be charged on their books to their appropriate account number. All departments will make regular monthly reports to the Mayor's Office of their monthly expenditures and unexpended balances under each item. These reports will be consolidated on a master sheet and kept on file in the Mayor's Office for the convenience of the Finance Committee and inspection of the Board of Aldermen.

Each department has been given a different key alphabetical letter to identify its own individual itemizations. In order that comparisons may readily be made between departments of their expenditures for comparable items or to determine easily total City spending for certain specific items, the account numbers are uniform. There are 18 standard items, some of which are indicated by the decimal point and additional numbered classifications. Any item listed after 18 is not one found in the other departments, thus all items beginning with 19 are peculiar to the department concerned. The key for the standard account numbers is as follows:

Acct. No.	Items
1	Payroll
2	Telephone
3	Electricity
4	Water
5	Insurance
6	Postage
7	Office Supplies & Services
8	Printing
9	Building Supplies & Services
10	Building Repairs
11	Heating Fuel
12	Miscellaneous
13	Gasoline
14	Oil and Lubricants
15	Tires and Tubes
16	Auto Repairs, Parts & Supplies
17	Exchange of Vehicles
18	Medical

RESOLUTION

AUTHORIZING HIS HONOR MAYOR MARIO J. VAGGE
TO SELL CERTAIN REAL ESTATE ON
RANCOURT STREET
CITY OF NASHUA

(Endorsed by Alderman Armand A. Beaulieu)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized and empowered to sell for and in consideration of Six Hundred and Sixty-five Dollars ($665.00) to Henry Coburn of Nashua, the following personal estate:

Building housing units Nos. 17, 19, 21 and 23 including the fixtures located at the Rancourt Street Housing Project, so-called.

RESOLUTION

RELATIVE TO THE ELIMINATION OF PENSIONS FOR
FUTURE CITY EMPLOYEES
CITY OF NASHUA

(Endorsed by Alderman Maurice L. Noel)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That the pensions heretofore granted to former city employees pursuant to the provisions of Chapter 226 of the Laws of 1923, Chapter 307 of the Laws of 1925, Chapter 292 of the Laws of 1943 and City Ordinances and Resolutions relating thereto, shall be eliminated as to all city employees employed following the passage of this Resolution and that all adjusted supplementary pensions shall be eliminated as to all future city employees. That said Resolutions will in no way affect present city employees or employees under their own Retirement System.

RESOLUTION

LAYING OUT PARKING LOT AND ASSESSING DAMAGES ON THE MAPLE STREET, OFF STREET PARKING AREA SO-CALLED CITY OF NASHUA

(Endorsed by Alderman Robert G. Pollock)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

1. That there is occasion and need for the layout of public parking areas within the City of Nashua

2. That there is occasion and need for the layout of a public parking area in the site described in the Petition of Leo R. Lesieur submitted to this board and dated January 28, 1960.

3. That the City of Nashua has been unable to acquire by contract, or otherwise, for a reasonable price, the tract of land for which damages are hereinafter assessed.

4. The following described tract of land, to be taken by condemnation proceedings from the owners of said land as in the layout of highways by selectmen, and that the area included in the following description of land be and is hereby laid out as a public parking area:

A certain tract or parcel of land situate Easterly from Elm Street in said Nashua, bounded and described as follows:

Beginning at a stone bound in the North line of a common driveway leading Easterly from Elm Street, at the Southwest corner of the land herein conveyed, said stone bound is seventy and sixty-four hundredths (70.64) feet East from Elm Street; thence

(1) Northerly by an interior angle of 89 degrees fifty minutes by other land of carpenter, thirty-three and sixty-five hundredths (33.65) feet to a stone bound at land now or formerly of Nadreau; thence

(2) Easterly by the said land now or formerly of Nadreau, twenty-nine and seventy-five hundredths (29.75) feet to an iron fence post in cement, at land now or formerly of M. Caron; thence

(3) Southerly by the said land now or formerly of M. Caron and land now or formerly of A. Robbins, forty-four and forty-seven hundredths (44.47) feet to a stone bound at land now or formerly of Nadreau; thence

(4) Westerly by the said land now or formerly of Nadreau, twenty-one and sixty-three hundredths (21.63) feet to a stone bound; thence

AUTHORIZING THE TRANSFER OF LAND TO THE BOARD OF EDUCATION (FAIRGROUND SCHOOL) CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

Whereas the Board of Education has, pursuant to the provisions of Section 2, Chapter 199 of the Revised Statutes Annotated, by vote of said Board, selected a certain parcel of land hereinafter described for future school use and expansion; and

Whereas the City of Nashua is the owner of said parcel of land;

Now, THEREFORE, be it resolved that the Mayor and the Board of Aldermen transfer said parcel of land, hereinafter described, to the Board of Education for future school use and expansion;

Beginning at a point which is fifty (50) feet Westerly from a stone bound in the Easterly line of Roosevelt Drive, said bound being ninety (90) feet more or less from the intersection of the Southerly line of Wilson Street and the Easterly line of Roosevelt Drive; thence

Northwesterly by an interior angle of 82° - 05' with the Westerly line of Roosevelt Drive, a distance of Eight Hundred Eight (808) feet, more or less to a point; thence

Northerly by an interior angle of 61° - 10', a distance of seven hundred fifty (750) feet more or less to a point on the Southerly line of proposed extension of Cleveland Street; thence

Easterly by the Southerly line of said proposed extension of Clevealnd Street, a distance of Four Hundred Thirty-five (435) feet more or less to the Westerly line of Roosevelt Drive; thence

Southerly by the Westerly line of Roosevelt Drive; a distance of Four Seventy (470) feet more or less to the point of beginning.

LAYING OUT TREATMENT PLANT AND ASSESSING DAMAGES FOR SAID TREATMENT PLANT CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

1. That there is occasion and need for the layout of a suitable common sewer and a treatment plant within the City of Nashua.

2. That there is occasion and need for the layout of a Sewage Treatment Plant in the site described in the Petition of Leo R. Lesieur submitted to this Board and dated April 19, 1960.

3. That the City of Nashua has been unable to acquire by contract or otherwise, for a reasonable price, the tract of land for which damages are hereinafter assessed.

4. The following described tracts of land to be taken by condemnation proceedings from the owners of said land as in the layout of highways by selectmen, and that the area included in the following description of land be and is hereby bid out as a Sewage Treatment Plant Area:

Parcel No. 1

Land now or formerly of Country Club Acres:

The following described parcel is part of Lot 1 on Assessors Sheet 4. Beginning at a point on the Westerly line of land N/f of the Boston & Maine Railroad at the Northeast corner of land N/f of the Nashua Country Club; thence Westerly along the Northerly line of the Nashua Country Club, 765 feet to a point; thence turning and running Northerly along the proposed taking line through land of Country Club Acres, 433 feet to a point on the Southerly line of land N/f or Viola M. Modglin; thence turning and running Easterly by the land of Viola M. Modglin, 820 feet to a stone bound in the Westerly line of land of the Boston & Maine Railroad; thence turning and running Southerly 440 feet by land of the Boston & Maine Railroad to the point of beginning. Containing 7.6 acres, be any and all of said measurements more or less.

5.1 That the sum of $11,400.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works. (Sewer Bond)

6.1 That His Honor Mayor Mario J. Vagge be and is hereby authorized to tender to the said Country Club Acres the sum of $11,400.00 in payment of damages assessed herein.

Parcel No. 2

Land now or formerly of Viola M. Modglin:

The following described parcel is part of Lot 2 on Assessors Sheet 4. Beginning at a stone bound on the Westerly line of land N/f of the Boston & Maine Railroad at the Northeast corner of land N/f of Country Club

Acres; thence Westerly along the Northerly line of the Country Club Acres, 820 feet to a point; thence turning and running Northerly along the proposed taking line through land of Viola M. Modglin, 261 feet to a point on the Southerly line of land N/f of Joseph Z. Marquis; thence turning and running Easterly by the Joseph Z. Marquis and Viola M. Modglin land, 876 feet to a point in the Westerly line of land of the Boston & Maine Railroad; thence turning and running Southerly 272.12 feet by land of the Boston & Maine Railroad to the point of beginning. Containing about 5.1 acres, be any and all said measurements more or less.

5.2 That the sum of $7,650.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works. (Sewer Bond).

6.2 That His Honor, Mayor Mario J. Vagge be and is hereby authorized to tender to the said Viola M. Modglin the sum of $7,650.00 in payment of damages assessed herein.

Parcel No. 3

Land now or formerly of Viola M. Modglin:

The following described parcel is Lot 149 on Assessors Sheet 11. Beginning at a point on the Westerly line of land N/f of the Boston & Maine Railroad at the Northeasterly corner of land N/f of Viola M. Modglin; thence Westerly along the Northerly line of land of Viola M .Modglin; 539 feet to the Easterly line of unnamed street; thence turning and running Northerly along the Easterly line of a proposed unnamed street 610.98 feet to a point; thence turning and running Easterly by land N/f of Baldwin Lumber & Box Co. 20 feet to a point; thence 760 feet in an irregular line following the top of the Southerly bank of a ravine to a stone bound in the Westerly line of land of the Boston & Maine Railroad; thence turning and running Southerly by land of the Boston & Maine Railroad, 120.91 feet to a point at the beginning. Containing 4.4 acres, be any and all of said dimensions more or less.

5.3 That the sum of $6,600.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works (Sewer Bond).

6.3 That His Honor, Mayor Mario J. Vagge be and is hereby authorized to tender to the said Viola M. Modglin the sum of $6,600.00 in payment of damages assessed herein.

Parcel No. 4

Land now or formerly of Baldwin Lumber & Box Co.:

The following parcel is part of Lot 140 on Assessors Sheet 11. Beginning at a stone bound on the Westerly line of land N/f of the Boston & Maine Railroad at the Northeasterly corner of land N/f of Viola M. Modglin; thence Northwesterly 760 feet in an irregular line following the top of the Southern bank of a ravine to a point; thence Westerly 20 feet to a point on the Easterly line of a proposed unnamed street; thence turning and running Northerly 40 feet along the Easterly line of proposed unnamed street to a point; thence turning and running Westerly 50 feet along the Northerly line of Sawmill Road to a point; thence turning and running Northeasterly along the proposed taking line through land of Baldwin Lumber & Box Co. to

Salmon Brook, said line following the top of the Westerly bank of a ravine; thence turning and running Southeasterly along Salmon Brook to a point in the Westerly line of land of the Boston & Maine Railroad; thence turning and running Southerly by land of the Boston & Maine Railroad 390 feet to the point of beginning. Containing about 9 acres, be any and all of said dimensions more or less.

5.4 That the sum of $900.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works (Sewer Bond).

6.4 That His Honor, Mayor Mario J. Vagge, be and is hereby authorized to tender to the said Baldwin Lumber & Box Co. the sum of $900.00 in payment of damages assessed herein.

Parcel No. 5

Land now or formerly of Joseph Z. Marquis:

The following described parcel is part of Lot 28 on Assessors Sheet 5. Beginning at a point on the Northerly line of land N/f of Viola M. Modglin at the Westerly line of a proposed unnamed street; thence Westerly along the Northerly line of land of Viola M. Modglin 264 feet to a point; thence turning and running Northerly along the proposed taking line through land of Joseph Z. Marquis, 300 feet to a point on the Southerly line of Melrose Street; thence turning and running Easterly 260 feet along the Southerly line of Melrose Street to the Westerly line of a proposed unnamed street; thence turning and running Southerly along the Westerly line of proposed unnamed street 300 feet to the point of beginning. Containing about 1.8 acres, be any or all of said dimensions more or less.

5.5 That the sum of $3,780.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works (Sewer Bond).

6.5 That His Honor, Mayor Mario J. Vagge, be and is hereby authorized to tender to the said Joseph Z. Marquis the sum of $3,780.00 in payment of damages assessed herein.

Parcel No. 6

Land now or formerly of Joseph Z. Marquis:

The following described parcel consists of Lots 2, 3, 4, 5, 23, 24, 25, 26, and 27 of Assessors Sheet 5. Beginning at a point at the intersection of the Northerly line of Melrose Street and the Westerly line of a proposed unnamed street; thence Westerly along the Northerly line of Melrose Street 265 feet to a point; thence turning and running Northerly 161.5 feet along the proposed taking line, said line being the Easterly line of Lot 22 N/f of Joseph Z. Marquis to a point; thence turning and running Westerly 28.5 feet along proposed taking line, said line being the Northerly line of Lot 22 of Assessors Sheet 5, to a point; thence turning and running Northerly 150 feet along proposed taking line, said line being the Easterly line of Lot 6 of Assessors Sheet 5, to a point on the Southerly line of Sawmill Road; thence turning and running Easterly 212 feet along Southerly line of Sawmill Road to a point; thence turning and running Southerly 139.6 feet along the Westerly line of Lot 1 of Assessors Sheet 5 to a point; thence turning and running

Easterly 80.4 feet along Southerly line of Lot 1 to a point on the Westerly line of a proposed unnamed street; thence turning and running 133.75 feet Southerly along the Westerly line of a proposed unnamed street to the point of beginning. Containing about 1.8 acres, be any and all of said dimensions more or less.

5.6 That the sum of $3,920.00 is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works (Sewer Bond).

6.6 That His Honor, Mayor Mario J. Vagge be and is hereby authorized to tender to the said Joseph Z. Marquis the sum of $3,920.00 in payment of damages assessed herein.

Parcel No. 7

Land now or formerly of Maurice A. & Gloria Lambert:

The following described parcel consists of Lot 1 of Assessors Sheet 5, with buildings thereon. Beginning at a point on the Westerly line of a proposed unnamed street at the Northeast corner of Lot 27 of Assessors Sheet 5, N/f of Joseph Z. Marquis; thence Westerly 80.4 feet along the Northerly line of Lots 27 and 26 to a point; thence turning and running Northerly 139.6 feet along the Easterly line of Lot 2 to a point in the Southerly line of Sawmill Road: thence turning and running Easterly 57 feet along the Southerly line of Sawmill Road to a point; thence turning and running Southerly along the Westerly line of a proposed unnamed street 133.75 feet to a point at the beginning. Containing about 0.2 acres, be any and all of said dimensions more or less.

RESOLUTION

LAYING OUT A COMMON SEWER AND ASSESSING DAMAGES FOR SEWER EASEMENTS FOR SALMON BROOK INTERCEPTOR CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

1. That there is occasion and need for the layout of a Sewer for the Salmon Brook Interceptor within the City of Nashua.

2. That there is occasion and need for the layout of Sewer Easements in the site described in the Petition of Leo R. Lesieur submitted to this Board and dated April 19, 1960.

3. That the City of Nashua has been unable to acquire by contract or otherwise, for a reasonable price, the tract of land for which damages are hereby assessed.

4. The following described Easements, to be taken by condemnation proceedings from the owners of said land as in layout of highways by selectmen, and that the area included in the following descriptions of easements of land be and is hereby laid out for the Salmon Brook Interceptor.

That the location and limits of sewer easements required for the Salmon Brook Interceptor between Fifield Street and the Sewage Treatment Plant Site are shown on three consecutive plans identified as Sheets 1, 2, and 3, numbered 249-2958 to 2960 inclusive.

The following description applies to easements shown on Sheets 1, 2, and 3 prepared by Camp, Dresser & McKee, Consulting Engineers, Boston, Massachusetts, dated July 1959 and entitled "Plan of Sewer Easements for Salmon Brook Interceptor". The location of the permanent easement centerline is hereafter described in accordance with the plan. The dimensions and limits of slope easements are as shown on the plan and are to exclude any land under existing buildings. The permanent sewer easement is 20 feet wide with sides parallel to and 10 feet from the described centerline.

CENTERLINE DESCRIPTION

Beginning at a point on the East line of Fifield Street 15 feet North of a stone bound situated 185 feet North of the Northerly line of Lincoln Avenue extension, and 10 feet South of the North line of land now or formerly owned by Guy W. and Pauline Littlefield,

thence S 67°-30' E 55 feet to a point,
thence S 10°-30' E 293 feet to a point,
thence S 50°-30' E 185 feet to a point,
thence S 9°-30' E 90 feet to a point,
thence N 84°-30' E 291 feet to a point,
thence S 81°-30' E 226 feet to a point,
thence S 71°-30' E 289 feet to a point,
thence S 56°-30' E 177 feet to a point,
thence S 72°-00' E 213 feet to a point,
thence N 62°-30' E 425 feet to a point,

thence N 90°-00' E 273 feet to a point,
thence N 29°-00' E 198 feet to a point,
thence N 74°-30' E 163 feet to a point,
thence N 26°-30' E 204 feet to a point,
thence S 80°-30' E 615 feet to a point,
thence S 9°-30' W 410 feet to a point.

(All dimensions and bearings shall be understood to be more or less)

The centerline of the easement shall end at a point on the Northerly line of Sawmill Road 560 feet East of the Northerly line of Waverly Street.

The following list of Easement Parcels identifies the lots and owners affected by the sewer easements and also tabulates the area of permanent, slope and temporary easements to be obtained from each owner. It should be noted that the slope and temporary easement areas include the permanent easement areas.

EASEMENT PARCELS

Parcel	Lot No.*	Owner	Permanent	Slopes**	Temporary**
			Easement Area in Sq. Ft.		
1	55-7	Guy W. & Pauline Littlefield	2080	5100	
2	56 & 71-7	Exilda & Etiennette Morin	900	2250	
3	57-7	Gerald O. & Gloria Gauthier	850	1600	
4	58-7	Mary E. Doyle	245	1050	
5	67-7	Claire P. South & Bryce Wilson	1120	2660	
6	76-7	Mary H. Ahearn		1200	
7-1	63-7	Kenneth I. Spaulding		1050	
7-2	65-7	Kenneth I. Spaulding	8340	24600	
8	70-7	Anton J. Haug	7500	20000	
9	24-6	Felix A. Sharek	2480	6200	
10	33-6	Eleanor Sharek	1400	3500	
11	19 & 20-6	Larry W. & Caroline Goulet	1000	2500	
12	21 & 22-6	Harry A., Jr. & Andrea Potry	1000	2500	
13	27 & 28-6	Viola Potry Chamard	2000	5000	
14	2-6	Pearley G. & Jane P. Deneault	2300	5750	
15	140-11	Baldwin Lumber & Box Co.	51300	105000	48250
16	4-6	Frank A. Kimmel		1850	

* Lot and Assessor Sheet Number ** Includes area in permanent easement

The location of a sewer easement required for the construction of the Spalding Street Ejector Station on the land now or formerly of Irene (Mason) Sirois is shown on a plan, entitled, "Sewer Easement for Spalding Street Ejector Station" bearing number 249-2955 and prepared by Camp, Dresser & McKee, Consulting Engineers, Boston, Massachusetts, dated May 22, 1959.

The limits of the easement are shown on this Plan. Said eaasement to be permanent and to also include the right to raise the grade two (2) feet at the ejector station.

5. That damages be assessed to the owners of the above described tracts as set forth opposite the names below:

1.	Guy W. & Pauline Littlefield	—	$100.00 or Sewer Connection
2.	Exilda & Etiennette Morin	—	100.00 or Sewer Connection
3.	Gerald O. & Gloria Gauthier	—	100.00 or Sewer Connection
4.	Mary E. Doyle	—	100.00 or Sewer Connection
5.	Claire P. South & Bryce Wilson	—	100.00 or Sewer Connection
6.	Mary H. Ahearn	—	100.00 or Sewer Connection
7.	Kenneth I. Spaulding	—	250.00 or Sewer Connection
8.	Anton J. Haug	—	100.00 or Sewer Connection
9.	Felix A. Sharek	—	100.00 or Sewer Connection
10.	Eleanor Sharek	—	100.00 or Sewer Connection
11.	Larry W. & Caroline Goulet	—	100.00 or Sewer Connection
12.	Harry A. Jr., & Andrea Potry	—	100.00 or Sewer Connection
13.	Viola Potry Chamard	—	100.00 or Sewer Connection
14.	Pearley G. & Jane P. Deneault	—	100.00 or Sewer Connection
15.	Baldwin Lumber & Box Co.	—	100.00 or Sewer Connection
16.	Frank A. Kimmel	—	100.00 or Sewer Connection
17.	Irene Mason Sirois	—	100.00 or Sewer Connection

6. That the sum necessary is hereby appropriated for payment of damages hereinbefore specified, said sum of money to be paid out of the Board of Public Works (Sewer Bond Issue).

7. That His Honor, Mayor Mario J. Vagge be and is hereby authorized to tender to the above owners the amounts above specified or a sewer connection in payment of damages assessed herein.

RESOLUTION

AUTHORIZING THE TRAFFIC COMMITTEE TO NEGOTIATE FOR A PUBLIC PARKING AREA — OFF WATER STREET CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That the Traffic Committee of the Board of Aldermen be and is hereby authorized to negotiate with the owner of the following described real estate for the purchase of the area for a public parking area.

A certain parcel of land with the buildings thereon located in Nashua, County of Hillsborough and State of New Hampshire.

Beginning at a point in the Southerly line of the Nashua River, said point being at the Northeasterly corner of land of Cosby Realty Company; thence

(1) Southeasterly by land of Cosby Realty Co., fifty-five (55.0) feet to a point; thence

(2) Easterly by land of Cosby Realty Co., thirty-five (35.0) feet to a point; thence

(3) Southeasterly by land of Cosby Realty Co., sixteen (16.0) feet to a point; thence

(4) Northwesterly one hundred seventy-four (174) feet more or less to a point in the Southerly line of the Nashua River; thence

(5) Southwesterly along the Southerly line of Nashua River, one hundred thirty (130) feet more or less to the point of beginning.

Meaning and intending to describe Lots 22 & 23 on Assessors Sheet 78.

"That the Mayor be authorized to borrow the necessary funds for a period of 6 months, this necessary amount of $140,000.00 to complete the negotiations of purchasing this property".

GRANT AGREEMENT

Part I — Offer

Date of Offer: June 27, 1960
Boire Field Airport
Project No. 9-27-017-6004

Contract No. FA1-245

TO: City of Nashua, New Hampshire
(herein referred to as the "Sponsor")

FROM: The United States of America (acting through the Administrator of Civil Aeronautics, herein referred to as the "Administrator")

WHEREAS, the Sponsor has submitted to the Administrator a Project Application dated May 23, 1960 for a grant of Federal funds for a project for development of the Boire Field Airport (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the Administrator, is hereby incorporated herein and made a part hereof; and

WHEREAS, the Administrator has approved a project for development of the Airport (herein called the "Project") consisting of the following described airport development:

> Construct taxiway 3950' x 40'; install taxiway signs (the airport development to be accomplished, herein described, is in addition to that contemplated under Grant Agreements between the Sponsor and the United States for Projects Nos. 9-27-017-901, -502, and -5903),

all as more particularly described in the property may Exhibit "A" to the Project Application dated November 18, 1957, for Project No. 9-27-017-5903, and in the plans and specifications as approved for this Project on June 10, 1960, by the Chief, Airports Division, Federal Aviation Agency, Region One, which are hereby incorporated herein and made a part hereof;

NOW THEREFORE, pursuant to and for the purposes of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Pub. Law 377, 79th Congress), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this Offer, as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport, as THE ADMINISTRATOR, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States' herein provided,

share of costs incurred in accomplishing the Project, 50 per centum of all allowable project costs, subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $30,000.00.

2. The Sponsor shall

   (a) begin accomplishment of the Project within a reasonable time after acceptance of this Offer, and

   (b) carry out and complete the Project in accordance with the terms of this Offer, and the Federal Airport Act and the Regulations promulgated thereunder by the Administrator in effect on the date of this Offer, which Act and Regulations are incorporated herein and made a part hereof, and

   (c) carry out and complete the Project in accordance with the plans and specifications and property map incorporated herein as they may be revised or modified with the approval of the Administrator or his duly authorized representatives.

3. The Sponsor shall operate and maintain the Airport as provided in the Project Application incorporated herein.

4. The Administrator having determined that no space in airport buildings will be required by any civil agency of the United States for the purposes set forth in paragraph 9 of Part III of the Project Application dated November 18, 1957 for Project No. 9-27-017-5903, the provisions of the said paragraph shall be deemed to be of no force or effect.

5. Any misrepresentation or omission of a material fact by the Sponsor concerning the Project or the Sponsor's authority or ability to carry out the obligations assumed by the Sponsor in accepting this Offer shall terminate the obligation of the United States, and it is understood and agreed by the Sponsor in accepting this Offer that if a material fact has been misrepresented or omitted by the Sponsor, the Administrator on behalf of the United States may recover all grant payments made.

6. The Administrator reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any of the allowable costs of the Project unless this Offer has been accepted by the Sponsor on or before June 30, 1960.

8. It is understood and agreed that the terms: "Administrator of Civil Aeronautics", "Administrator", "Civil Aeronautics Administration", "Department of Commerce", or "CAA", wherever they appear in this Agreement, in the Project Application, plans and specifications, or in any other documents constituting a part of this Agreement, shall be deemed to mean Federal Aviation Agency or the Administrator thereof, as the case may be.

9. It is understood and agreed that paragraph 3, Part III, of the Project Application dated November 18, 1957 for Project No. 9-27-017-5903, shall be and the same hereby is amended by deleting the second line thereof reading: "of the airport forbidden by Section 303 of the Civil Aeronautics Act of 1938, as amended" and by substituting in lieu thereof the words: "of the airport forbidden by Section 308 of the Federal Aviation Act of 1958".

10. It is understood and agreed that the United States will not make nor be obligated to make any payments under this Grant Agreement, unless and until the Sponsor, without Federal aid, has completed the approach clearing described on the construction plans for Project No. 9-27-017-5903 as approved for that project by the Chief, Airports Division, Civil Aeronautics Administration, Region One, on December 27, 1957.

11. The Administrator, in tendering this Offer on behalf of the United States, recognizes the existence of an agency relationship between the Sponsor, as principal, and the New Hampshire Director of Aeronautics, as agent, created by agreement dated November 18, 1957, a copy of which Agency Agreement is attached to and made a part of the Grant Agreement for Project No. 9-27-017-5903 and is hereby incorporated herein by reference and made a part hereof as though the same were herein set forth in full, and the Sponsor agrees that it will not amend, modify or terminate the said Agency Agreement without the prior approval in writing of the Administrator.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

UNITED STATES OF AMERICA
THE ADMINISTRATOR OF CIVIL AERONAUTICS

By Joseph W. Mott, Jr.
Acting Chief, Airports Division, Region One

Part II — Acceptance

The City of Nashua, New Hampshire does hereby ratify and adopt all statements, representations, warranties, covenants, and agreements contained in the Project Application and incorporated materials referred to in the foregoing Offer and does hereby accept said Offer and by such acceptance agrees to all of the terms and conditions thereof.
Executed this 29th day of June 1960.

CERTIFICATE OF SPONSOR'S ATTORNEY

I, Leo R. Lesieur, acting as Attorney for City of Nashua, New Hampshire (herein called "Sponsor"), do hereby certify:

That I have examined the foregoing Grant Agreement and the proceedings taken by said Sponsor relating thereto, and find that the Acceptance thereof by said Sponsor has been duly authorized and that the execution thereof is in all respects due and proper and in accordance with the laws of the State of New Hampshire, and further that, in my opinion, said Grant Agreement constitutes a legal and binding obligation of the said Sponsor in accordance with the terms thereof.

Dated at Nashua, New Hampshire this 29th day of June 1960.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF FOUR HUNDRED AND FIFTY THOUSAND ($450,000.00) DOLLARS TO PAY THE COSTS OF THE PURCHASE OF PARKING LOTS IN THE HIGH STREET AND WATER STREET AREA CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge and City Treasurer, Edward R. Benoit are hereby authorized to sell under the direction of the Finance Committee of the Board of Aldermen, negotiable General Obligation Coupon Bonds of the City of Nashua in the aggregate principal amount of Four Hundred and Fifty Thousand ($450,000.00) Dollars. Said bonds are to be issued for the purpose of paying the costs of the purchase of property for parking lots at the High Street and Water Street area, both areas located Westerly of the Main Street, Nashua, and the expected useful life of said improvement is hereby determined to be forty (40) years.

Said bonds shall be general obligations of the City of Nashua payable as to both principal and interest from ad-valorem taxes which will be levied without limitations as to rate or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire or at the holder's option, at the First National Bank of Boston, Boston, Massachusetts.

The coupons shall bear the facsimile signature of the City Treasurer. None of the said bonds shall be obligatory without the authenticating certificate of the said First National Bank of Boston endorsed thereon.

AUTHORIZING HIS HONOR MAYOR MARIO J. VAGGE TO PURCHASE CERTAIN REAL ESTATE SOUTH OF SALMON BROOK FOR PROPOSED SEWERAGE AND SEWAGE TREATMENT PLANT SITE AND INTERCEPTOR FROM BALDWIN BOX AND LUMBER COMPANY, INC. CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized to purchase on behalf of the City of Nashua and the terms hereinafter provided the following real estate:

> Bounded on the North by Edgeville Pond, so-called, and the thread of stream of Salmon Brook: on the East by land of the Boston & Maine Railroad; on the South by land now or formerly of Viola M. Modglin, Sawmill Road, so-called and land of Flanders, now or formerly and on the West by land of Pearly G. & Jane P. Denault.
> Be It Further Resolved:

That the consideration to be paid therefore shall be Twenty-five Thousand Four Hundred Forty ($25,440.00) Dollars and upon tender of a good and merchantable title to the premises by the owners thereof, the City Treasurer, upon request of the Mayor in the usual way shall draw his check for said amount; this amount to be drawn from the Board of Public Works account to be paid for by the Sewage Bond Issue.

Be It Further Resolved:

That the City of Nashua agrees to construct a usable right-of-way not less than thirty-two (32) feet wide from the southerly end of Edgeville Street at the southerly line of property of the Improved Machinery Corp., southerly across Salmon Brook Canal and the Salmon Brook to Sawmill Road; and that the Baldwin Lumber and Box Co. will have a right-of-way over so much of said road as lies within the property to be purchased hereunder .

RESOLUTION

AUTHORIZING FILING AN APPLICATION WITH THE UNITED STATES OF AMERICA FOR AN ADVANCE TO PROVIDE FOR THE PLANNING OF PUBLIC WORKS UNDER THE TERMS OF PUBLIC LAW 560, 83rd CONGRESS OF THE UNITED STATES, AS AMENDED CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the City of Nashua herein called the "Applicant", after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as Sewage treatment facilities including intercepting sewers, pumping station and force main and treatment works, for the northwest area of the City is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, 83rd Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, the Applicant has examined and duly considered such Act and the Applicant considers it to be in the public interest and to its benefit to file an application under said Act and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY The Board of Aldermen, the governing body of said Applicant ,as follows:

1. That the construction of said public works is essential to and is to the best interests of the Applicant, and to the end that such public works may be provided as promptly as practicable it is desirable that action preliminary to the construction thereof be undertaken immediately;

2. That Honorable Mario J. Vagge, Mayor, be hereby authorized to file in behalf of the Applicant an application (in form required by the United States and in conformity with said Act) for an advance to be made by the United States to the Applicant to aid in defraying the cost of plan preparation for the above described public works. Such plan preparation shall consist generally of Engineering work, will include investigations and studies, including necessary field surveys, borings and collection of data to develop the report, preliminary plans, preliminary cost estimates, proposed schedule of construction and recommended method of financing the proposed construction of sewerage and sewage treatment facilities for the northwest area of the City of Nashua.

3. That if such advance be made, the Applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as

may be required to defray the cost of the plan preparation of such public works;

4. The said Mayor Vagge is hereby authorized to furnish such information and take such other action as may be necessary to enable the Applicant to qualify for the advance;

5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the Applicant for the purpose of furnishing to the United States such information, data and documents pertaining to the application for an advancce as may be required; and otherwise to act as the authorized representative of the Applicant in connection with this application.

6. That certified copies of this resolution be included as part of the application for an advance to be submitted to the United States.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE TO AFFIX HIS SIGNATURE TO THE COOPERATION AGREEMENT BETWEEN THE CITY OF NASHUA AND THE NASHUA HOUSING AUTHORITY CITY OF NASHUA

(Endorsed by Mayor, Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized and empowered to affix his signature to the Cooperation Agreement between the City of Nashua and the Nashua Housing Authority, a copy of which is annexed hereto.

APPROVING APPLICATION FOR RESERVATION OF LOW-RENT PUBLIC HOUSING AND FINANCIAL ASSISTANCE AND AUTHORIZING COOPERATION AGREEMENT

WHEREAS, it is the policy of the City of Nashua to eliminate substandard and other inadequate housing, to prevent the spread of slums and blight, and to realize as soon as feasible the goal of a decent home in a suitable living environment for all of its citizens; and

WHEREAS, under the provisions of the United States Housing Act of 1937, as amended, hereinafter called the "Act", the Public Housing Administration is authorized to provide financial assistance to local public housing agencies for undertaking and carrying out preliminary planning of low-rent housing projects that will assist in meeting this goal; and

WHEREAS, The Act, provides that there shall be local determination of need for low-rent housing to meet needs not being adequately met by private enterprise and that the Public Housing Administration shall not make any contract with a public housing agency for preliminary loans for surveys and planning in respect to any low-rent housing projects unless the governing body of the locality involved has by resolution approved the application of the public housing agency for such preliminary loan; and

WHEREAS, it is the desire of the City of Nashua, that a Cooperation Agreement be entered into providing for the local cooperation required by said Act in connection with such low-rent public housing; and

WHEREAS, the Nashua Housing Authority (herein called the "Local Authority") is a public housing agency and is applying to the Public Housing Administration for a reservation and financial assistance for the development of low-rent housing;

NOW, THEREFORE, be it resolved by the Board of Aldermen of the City of Nashua as follows:

1. There exists in the City of Nashua a need for such low-rent housing at rents within the means of low-income families, including the elderly.

2. The application of the Local Authority to the Public Housing Administration for a reservation and financial assistance in connection with a low-rent housing project or projects of not to exceed approximately 150 dwelling units and a Preliminary Loan of $27,500.00 is hereby approved.

3. That the Board of Aldermen of the City of Nashua enter into an agreement in writing, to be known as the Cooperation Agreement with the Local Authority, substantially in the form attached hereto and made a part hereof and the proper officials of the City of Nashua are hereby authorized and directed to execute said agreement and to impress and attest the official seal on behalf of the City of Nashua on as many counterparts as may be decided necessary.

COOPERATION AGREEMENT

This Agreement entered into this 13th day of December, 1960, by and between Nashua Housing Authority (herein called the "Local Authority") and City of Nashua (herein called the "Municipality"), witnesseth:

In consideration of the mutual covenants hereinafter set forth, the parties hereto do agree as follows:

1. Whenever used in this Agreement:

(a) The term "Project" shall mean any low-rent housing hereafter developed as an entity by the Local Authority with financial assistance of the Public Housing Administration (herein called the "PHA"): excluding, however, any low-rent housing project covered by any contract for loans and annual contributions entered into between the Local Authority and the PHA, or its predecessor agencies, prior to the date of this Agreement.

(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and nondwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and nondwelling utilities.

(d) The term "Slum" shall mean any area where dwelling predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health, or morals.

2. The Local Authority shall endeavor (a) to secure a contract or contracts with the PHA for loans and annual contributions covering one or more Projects comprising approximately ..... units of low-rent housing and (b) to develop and administer such Project or Projects, each of which shall be located within the corporate limits of the Municipality. The obligations of the parties hereto shall apply to each such Project.

3. (a) Under the constitution and statutes of the State of New Hampshire, all Projects are exempt from all real and personal property

taxes and special assessments levied or imposed by any Taxing Body. With respect to any Project, so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and the PHA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Local Authority with respect thereto. During such period, the Local Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of such taxes and special assessments and in payment for the Public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) Each such annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (i) ten percent (10%) of the Shelter Rent charged by the Local Authority in respect to such Project during such fiscal year, or (ii) the amount by which the real property taxes which would have been paid to all Taxing Bodies for such fiscal year if such Project were not exempt from taxation exceeds twenty percent (20%) of the Federal Annual Contribution actually payable with respect to such Project for such fiscal year, provided that if two or more Projects are covered by one contract with the PHA for annual contributions, the amount of the Federal Annual Contribution actually payable with respect to each Project shall be determined by pro-rating the total Federal Annual Contribution actually payable with respect to all such Projects in proportion to the development cost of the respective Projects, or (iii) the amount permitted to be paid by applicable State law in effect on the date such payment is made, whichever amount is the lowest.

(c) The Municipality shall distribute the Payments in Lieu of Taxes among the Taxing Bodies in the proportion which the real property taxes which would have been paid to each Taxing Body for such year if the Project were not exempt from taxation bears to the total real property taxes which would have been paid to all of the Taxing Bodies for such year if the Project were not exempt from taxation; **Provided, however,** That no payment for any year shall be made to any Taxing Body in excess of the amount of the real property taxes which would have been paid to such Taxing Body for such year if the Project were not exempt from taxation.

(d) Upon failure of the Local Authority to make any Payment in Lieu of Taxes, no lien against any Project or assets of the Local Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

4. The Municipality agrees that, subsequent to the date of initiation (as defined in the United States Housing Act of 1937, as amended) of each Project and within five years after the completion thereof, or such further period as may be approved by the PHA, and in addition to the number of unsafe or insanitary dwelling units which the Municipality is obligated to eliminate as a part of the low-rent housing project heretofore undertaken by the Local Authority and identified as Project No. NH-2-2. There has been or will be elimination (as approved by the PHA) by demolition, condemnation, effective closing, or compulsory repair or improvement, of unsafe or insanitary dwelling units situated in the locality or metropolitan

area in which such Project is located, substantially equal in number to the number of newly constructed dwelling units provided by such Project; **Provided,** That, where more than one family is living in an unsafe or insanitary dwelling unit, the eliimnation of such unit shall count as the elimination of units equal to the number of families accommodated therein; and **Provided,** further, That this paragraph 4 shall not apply in the case of (i) any Project developed on the site of a Slum cleared subsequent to July 15, 1949, and that the dwelling units eliminated by the clearance of the site of such Project shall not be counted as elimination of any other Project or any other low-rent housing project, or (ii) any Project located in a rural nonfarm area.

5. During the period commencing with the date of the acquisition of any part of the site or sites of any Project and continuing so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and the PHA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Local Authority or the tenants of such Project (other than the payments in Lieu of Taxes) shall:

(a) Furnish or cause to be furnished to the Local Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality;

(b) Vacate such streets, roads, and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Local Authority such interest as the Municipality may have in such vacated areas; and, in so far as it is lawfully able to do so without cost or expense to the Local Authority or to the Municipality, cause to be removed from such vacated areas, in so far as it may be necessary, all public or private utility lines and equipment;

(c) In so far as the Municipality may lawfully do so, (i) grant such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and at the same time safeguard health and safety, and (ii) make such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection of such Project and the surrounding territory;

(d) Accept grants of easements necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Municipality and the Local Authority may find necessary in connection with the development and administration of such Project.

6. In respect to any Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Local Authority:

(a) It will accept the dedication of all interior streets, roads, alleys, and adjacent sidewalks within the area of such Project, together with

all storm and sanitary sewer mains in such dedicated areas, after the Local Authority, at its own expense, has completed the grading, improvement, paving, and installation thereof in accordance with specifications acceptable to the Municipality;

(b) It will accept necessary dedications of land for, and will grade, improve, pave, and provide sidewalks for, all streets bounding such Project or necessary to provide adequate access thereto (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned); and

(c) It will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned).

7. If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public services or facilities which it has agreed hereunder to furnish or to cause to be furnished to the Local Authority or to the tenants of any Project, the Local Authority incurs any expense to obtain such services or facilities then the Local Authority may deduct the amount of such expense from any Payments In Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Local Authority.

8. No Cooperation Agreement heretofore entered into between the Municipality and the Local Authority shall be construed to apply to any Project covered by this Agreement.

9. So long as any contract between the Local Authority and the PHA for loans (including preliminary loans) or annual contributions, or both, in connection with any Project remains in force and effect, or so long as any bonds issued in connection with any Project or any monies due to the PHA in connection with any Project remain unpaid, this Agreement shall not be abrogated, changed, or modified without the consent of the PHA. The privileges and obligations of the Municipality hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Local Authority or by any other public body or governmental agency, including the PHA, authorized by law to engage in the development or administration of low-rent housing projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the PHA, the provisions hereof shall inure to the benefit of and may be enforced by, such other public body or governmental agency, including the PHA.

10. In addition to the Payments in Lieu of Taxes and in further consideration for the public services and facilities furnished and to be furnished in respect to any Project for which no Annual Contributions Contract had been entered into prior to August 2, 1954, between the Local Authority and the PHA;

(1) After payment in full of all obligations of the Local Authority in connection with such Project for which any annual contributions are pledged and until the total amount of annual contributions paid by the PHA in respect to such Project has been repaid, (a) all receipts in connection with such Projects in excess of expenditures necessary for the man-

agement, operation, maintenance, or financing, and for reasonable reserves therefor, shall be paid annually to the PHA and to the Municipality on behalf of the local public bodies which have contributed to such Project in the form of tax exemption or otherwise, in proportion to the aggregate contribution which the PHA and such local public bodies have made to such Project, and (b) no debt in respect to such Project, except for necessary expenditures for such Project, shall be incurred by the Local Authority;

(2) If, at any time, such Project or any part thereof is sold, such sale shall be to the highest responsible bidder after advertising, or at fair market value as approved by the PHA, and the proceeds of such sale, together with any reserves, after application to any outstanding debt of the Local Authority in respect to such Project, shall be paid to the PHA and local public bodies as provided in clause 1 (a) of this Section 10: Provided, That the amounts to be paid to the PHA and the local public bodies shall not exceed their respective total contribution to such Project:

(3) The Municipality shall distribute the payments made to its pursuant to clauses (1) and (2) of this Section 10 among the local public bodies (including the Municipality) in proportion to their respective aggregate contributions to such Project.

IN WITNESS WHEREOF the Municipality and the Local Authority have respectively signed this Agreement and caused their seals to be affixed and attested as of the day and year first above written.

AMENDING SECTIONS 6 and 10, CHAPTER XXVI
OF REVISED ORDINANCES, ENTITLED,
"SALARIES AND COMPENSATION"

(Endorsed by Alderman Armand A. Beaulieu)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That Sections 6 and 10 of Chapter XXVI of the Revised Ordinances, 1950, as amended, entitled, "Salaries and Compensations," be and is hereby amended by striking out said sections and substituting therefore, the following new section:

Section 17: Compensation of certain officials.

1. Salaries established, The annual salaries for the positions set forth shall be established as follows:

	Min.	Max.
City Clerk and Overseer of the Poor	$5,200.	$7,000.00
City Treasurer and Collector of Taxes	$5,200.	$7,000.00
Relief Investigator	$2,800.	$4,000.00

The Relief Investigator shall receive an additional 600.00 annually for car allowance.

2. Adjustment. Effective January 1, 1958, the annual salary of each official holding any of the positions named in sub-section 1, shall be the minimum salary provided for therein. Any such official whose salary on December 31, 1957 is in excess of said minimum provided for his position shall be placed in the next higher step in the range and shall be entitled, to any increase provided for herein until the maximum is reached.

3. Yearly Service Increases. For each year after January 1, 1958, upon recommendation by the Board of Aldermen, the holder of any postion mentioned in subsection 1 above, shall be entitled to an annual increase in salary amounting to one-fourth of the difference between the minimum and maximum salary for said position, but in no case shall the total salary exceed the maximum as herein established. To become effective January 1, 1960.

All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed.

AN ORDINANCE

ESTABLISHING AN AVIATION COMMISSION

(Endorsed by Mayor Mario J. Vagge)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

Amending Chapter XIV of the Revised Ordinances, by adding at the end thereof the following new section:

Section 13 AVIATION COMMISSION

1. HOW CREATED. The Mayor is hereby authorized to appoint, subject to the approval of the Board of Aldermen, a Commission to be known as the Aviation Commission. The said Commission shall consist of three members. The first Commissioner shall be appointed initially for three years, the second for two years, the third for one year, and thereafter as their terms expire, each shall be appointed for three years. Each shall hold office until his successor

shall be appointed and qualified. Vacancies shall be filled for the unexpired term. All the Commissioners shall serve without salary.

2. QUORUM. A majority of the members shall constitute a quorum for the transaction of any business, for the performance of any duty, or for the exercise of any power.

3. DUTIES AND POWERS. The Commission is hereby authorized in the name of the City to study and investigate all aviation conditions in the City. It shall also recommend to the Lands and Buildings Committee of the Board of Aldermen necessary legislation for the improvement of Aviation conditions within the City and shall further recommend aviation changes needed for the good of the City.

4. TO ORGANIZE ANNUALLY. The said Commission shall organize annually in the month of January by the choice of one of its members as chairman. It shall also elect a Clerk and any other necessary officers to serve for one year or until their successors are chosen.

5. TO MAKE REPORTS. The said Commission shall, at the close of every year make a detailed report of its activities for that year to the Board of Aldermen, which report shall be published with the report of other municipal departments.

AMENDING PART III, SECTION 2, SUBSECTION 3, CHAPTER XI, REVISED ORDINANCES, 1950

ENTITLED, "DEPARTMENT OF POLICE"

(Endorsed by Alderman Francis LaFlamme)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That Part III, Section 2, Subsection 3 of Chapter XI, Revised Ordinances, 1950, entitled, "Department of Police", be and is hereby amended by striking out said section and substituting therefor the following:

3. Theaters: License: Fee: Liability Insurance. Theaters or places of amusement of a permanent character may be licensed for a period of twelve months from the first day of May, of each year. The sum of such yearly license shall be One Hundred Fifty (150) Dollars, payable in advance. This license shall designate the location of said theater or place of amusement, be made in the name of the proprietor or proprietors thereof and shall not be transferable. No license shall be issued under this Section 3 unless and until the applicant thereof shall deposit with the city clerk a policy or certificate of public liability insurance acceptable to and approved by the mayor and board of aldermen and issued by a company authorized to do business in the State of New Hampshire indemnifying the applicant for injuries to or damages suffered by any person or persons through operation of said theater or place of amusement in the sum of at least Five Thousand ($5,000.00) for injury to one person and two Hundred Thousand ($200,000.00) Dollars for injuries to more than one person in any one accident. In lieu thereof said applicant shall deposit with the city clerk a bond acceptable to and approved by said mayor and board of aldermen, issued by a surety company authorized to do business in the State of New Hampshire, running to the City of Nashua, in the sum of at least Two Hundred Thousand ($200,000.00) Dollars indemnifying any person or persons for injuries to or damages suffered by them through the operation of said theater or place of amusement and

conditioned that action may be brought thereon by any person so damaged up to the amount named therein. The policy of insurance or bond so deposited shall contain a clause obligating the company issuing the same to give ten days notice before cancellation, thereof to the city clerk and termination thereof shall operate as a revocation of the license issued hereunder. This amendment shall apply to all licenses now or hereafter issued under this section 3 and shall take effect upon its passage. Said amendment to become effective May 1, 1960.

REPORTS OF CITY DEPARTMENTS FOR THE YEAR ENDING 1960

REPORT OF THE BOARD OF ASSESSORS

December 31, 1960

To Mayor Mario J. Vagge,

Members of the Board of Aldermen.
Gentlemen;

The Board of Assessors herewith submits the annual report for the year 1960.

The Board of Assessors and staff; Chairman David P. Stevens, M. Joseph Sullivan and Paul E. Sirois. Mr. Sullivan submitted his resignation in June and the Assessors met in joint convention with the Board of Aldermen in July and elected James R. Griffin as Assessor to fill the vacancy. The office staff includes: Louis A. Richard as head clerk and Mrs. Lois Moran and Mrs. Madeline Shubelka as clerks.

The year 1960 again found increased activity and was a record year for the Board of Assessors. The total valuation reached an all-time high of $69,220,204 an increase of $3,434,806. This increase of nearly three and a half million is the largest increase in any single year in the history of the city. Activity continued in all departments, with increased building, addition of new manufacturing and commercial plants and again a large number of property transfers. The Assessors continued the work of adjustment of property assessments and adjustments were made in all sections of the city in an effort to equalize assessments.

The State Tax Commission approved a tax rate of $61.50 for 1960, an increase of only $.50 a thousand, despite a sizeable increase in the total 1960 budget.

The Assessors' office mailed out 9,292 inventories to property owners, manufacturers, stores and others in 1960. This was an increase of 218 over 1959. Of the 9,292 inventories mailed, there were 7,939 returned, an increase over 1959 and evidence on the increased office work.

Applications by Veterans for the $1,000 property exemption, granted under State law, again showed an increase. The total number of Veterans given exemptions reached 2,389, an increase of 165. The total amount of exemptions granted reached a new high and totaled $2,410,490, a gain of $129,230 in valuation. Poll tax exemptions granted Veterans was 5,104, an increase of 110 over the 1959 figure.

The Assessors listed 16,697 persons for poll taxes and 21,701 for Head taxes.

During the year of 1960 there were 1564 property transfers and all of these deeds were copied at the Register of Deeds office. Work of taking off this large number of deeds entailed considerable work in the office including changing of records, cards and addressograph plates and in many instances map changes.

Inspections of property by the Board of Assessors again showed an increase with the Board making 1895 inspections, including new buildings, buildings where additions or alterations were made, and inspections for adjustments. This resulted in additional valuation figures and during the year a great many adjustments were recorded. This work will continue in 1961.

During the year the Board received 55 requests for abatements. Members made thorough investigations of these complaints and re-inspection of properties. A total of 27 abatements were granted, a very small percentage in comparison to the number of pieces of property on the assessment rolls.

In addition to listing all property sales and making changes in records, the office has continued to list all mortgages recorded and also compiled information on manufacturing and business establishments.

Additional revenue for 1960 was $2,806.44. This was added revenue from business places opening after the April 1 assessment date.

The Assessors' office compiled a list of all tax exempt property, including land and buildings owned by the City of Nashua, County, State and Federal governments, also property of churches, religious groups and charitable institutions. Under recent law all religious and charitable institutions have to file with the State Tax Commission and the exemption approved by the Commission.

The books and records in the Assessors' office are always open for public inspection. During the year the Assessors have answered many letters requesting information as to property, owners and other information. Hundreds of persons have called at the office for information regarding property taxes, owners of property, size and location of land and other information. The Assessors and members of the staff have attempted to co-operate and assist in all requests.

Respectfully submitted,

BOARD OF ASSESSORS

DAVID P. STEVENS
PAUL E. SIROIS
JAMES R. GRIFFIN

SUMMARY

	1959	1960	Increase	Decrease
Inventories Mailed	9,074	9,292	218

ANNUAL REPORT OF THE BOARD OF FIRE COMMISSIONERS FOR THE FINANCIAL YEAR OF 1960 CITY OF NASHUA, NEW HAMPSHIRE

TO THE HONORABLE MAYOR AND BOARD OF ALDERMEN:

Gentlemen;

The Board of Fire Commissioners herewith submits its Annual Report for the year 1960.

The Board met on January 1st, 1960, and organized by electing J. H. McLaughlin, Chairman; M. G. Riviere, Purchasing Agent and H. L. Duprey, Clerk.

OPERATING PERSONNEL

The operating personnel on the two platoon system of the Fire Department was as follows: Chief, 1st Deputy, 2nd Deputy, 3rd Deputy, Supt. of Fire Alarm, Master Mechanic, 7 Captains, 6 Lieutenants, 67 Privates and 25 Call Firemen.

FIRE APPARATUS

The following is a list of apparatus stationed in all Stations: 1—1958 Dodge, 1—1960 Plymouth, 1—International Fire Alarm truck, 1—Dodge Maintenance truck, 1—1955 Ford Fire Prevention car, 1—Mack Engine 1956, 1—GMC FWD Engine 1957, 1—Mack Engine 1947, 1—Mack Engine 1958, 1—Mack Engine 1949, 1—Mack Engine 1958, 1—Mack Engine 1947, 1—Mack Engine 1957, 1—1942 Maxim Engine, 1—1937 Chevrolet Engine, 1—1946 85 ft. American-Lafrance Aerial Ladder, 1—1959 75 ft. Mack Aerial Ladder, 1—1925 Ahrens-Fox Ladder.

FIRE PREVENTION BUREAU

During the year of 1960, the Fire Prevention Bureau conducted 11,975 calls on investigations, inspections and other complaints which are handled through our Bureau. These calls consisted of dwelling inspections, Schools, Churches, Mercantile establishments, Orphanages, Clubs, heating installations, places of assembly and other duties pertaining to Fire Prevention. We wish to extend our thanks to the following City Departments for their cooperation during the past year in aiding the Bureau to carry out its work in Fire Prevention. We are grateful to the Nashua Police Department, the Board of Assessors, the Engineer's Office, the Board of Health for the assistance we have received from time to time. We would like to thank the Public Service Company and the N. H. State Fire Marshal who have contributed in many ways a source of help in our investigations. Our many thanks to the Merchants, Manufacturers, the Administrators of Institutions, the owners and occupants of dwellings who have accepted our recommendations in the Prevention of Fires. To the Telegraph Publishing Company, Radio Stations W.S.M.N. and W.O.T.W. our appreciation for their time and space in conveying our messages on Fire Prevention to the Citizens of Nashua.

DRILL-MASTER

Following is the report of the Drill-Master for the year: A total of 581 drills were held throughout the year as follows: 377 weekly drills by the Company Officers and 204 by the Drill master. These drills covered the following subjects: duties of Officers and men, rescue and first aid, resuscitators, ladder care and use and special evolutions, movies, discussions on assignments, street and hydrant locations, attendance at various schools and demonstrations, operation of apparatus and care of same, care and use of gas masks of various makes, proper use of all fire fighting equipment and many other subjects too numerous to mention. Not included in the total drills was many instructions given to out-of-town Fire Departments on various subjects.

FIRE ALARM SYSTEM

All overhead wires and cable, also underground cable, have been measured and recorded up to date. There is a total of 91.8 miles of wire and cable. There is 64.1 miles of aerial wire, 4 miles of aerial cable and 23.7 of underground cable. This is used on the ten Fire Alarm circuits. A new Fire Alarm Box Index was set up covering the 220 Boxes in the City. There are 56 Master Boxes which control the inside as well as the outside of the following buildings: Industries 32, Schools 18, Convalescent Homes 3, Hospitals 2, Orphanage 1. There are 142 street boxes on poles and 22 Boxes on pedestals. Besides the Fire Alarm work 10 fluorescent lights, 10 receptacles, 1—6 in. gong, 2 extra speakers and an Emergency Generator was set up at Amherst Street Station. 60 new receptacles were installed at Central Station. Removed and replaced 5 miles of wire on Circuit No. 1. 3000 feet of 10 conductor cable underground was installed on Amherst Street. A total of 2100 feet of Aerial Cable was installed also. Fire Alarm boxes were silently tested every other month and all schools with fire alarm systems were tested before opening day. Seven new Master Boxes were installed during the year. There were 112 change-overs. All boxes, standards, siren terminal boxes were painted. Relocated three circuits. The grounding of all boxes has been completed.

Respectfully submitted,

BOARD OF FIRE COMMISSIONERS

J. H. McLAUGHLIN
M. G. RIVIERE
H. L. DUPREY

HEALTH REPORT OF PAROCHIAL SCHOOLS

Nashua, N. H., December 31, 1960

Gentlemen:

We respectfully submit the following report as School Nurses for the Parochial Schools, from January 1st., 1960 to January 1st., 1961.

PERSONNEL:

William D. Thibodeau, M.D., School Physician
Alfred M. Gagnon, D.D.S., School Dentist
Joyce E. Bickford, R.N., School Nurse
Alice B. Charest, R.N., School Nurse
Stella J. St. Laurent, R.N., School Nurse

REGISTERED:

Holy Infant Jesus School	441
Sacred Heart Academy	202
Sacred Heart School (St. Patrick's)	471
St. Aloysius Grade School	425
St. Aloysius High School	190
St. Christopher's School	256
St. Francis Xavier School	446
St. Christopher's Junior High	85
St. Joseph's Grade School	475
St. Joseph's Orphanage	70
Total	3061

DEFECTS:

Glands (Cervical)	103
Ear Infections	66
Hearing	5
Heart Murmur	8

LAND PLAN ACCEPTED & DISCONTINUED

Lincoln Park Plan No. 141-273-375-368

The operations of the Public Works' Department for 1960 cost $701,-974.37 which was 16% of the City's Budget for the year. This amounts to $17.54 per person for the year, for services of street maintenance and construction; sewer maintenance and construction; rubbish collection and disposal as well as the purchasing and maintenance of the department's equipment, and all costs of administering the Building Code and the Zoning Ordinance. As the various aspects of the department's work is reported below, the total cost and the cost per capita will be indicated.

STREETS

Cost 1960 — $269,008.67 $6.72 per capita

The department has the responsibility of maintaining more than 150 miles of existing streets and roads within the city limits including traffic signs, tree removal, street sweeping in the summer and snow and ice removal in the winter. Each year new streets are accepted which have to be gravelled and surfaced. A continuation of asphaltic concrete resurfacing program instituted in 1958.

Asphaltic concrete was applied to sections of Kinsley St., W. Hollis St., Orange St., Lowell St., Park St., Olive St., Court St., Church St., Liberty St., Allds St.

Portions of the following streets were rebuilt and paved with asphaltic concrete—Pine St., Walnut St., Allds St.

In addition to the funds included in the Department's Budget, the State Department of Public Works and Highways made available to the City $18,073.90 which was used to purchase asphalt and tar for the resurfacing program.

The Board of Public Works amended its policy regarding the extent of work to be required before new streets may be accepted. It requires that

the developer or interested party grade, gravel and install storm drainage prior to the acceptance by the City. The policy is as follows:

Chapter 13 of revised ordinances of the City of Nashua outline the necessary steps and procedures required in order to present a petition for acceptance of a public street or highway.

Design and arrangements of streets is controlled by the City Engineer by State Laws passed in 1929.

The installation of street bounds is under the jurisdiction of the City Engineer.

The grading of streets and the installation of storm sewers, gutters and other drainage improvements shall be done in accordance with plans and profiles approved by the City Engineer.

1. All culverts required to maintain natural drainage must be installed by the developer.

2. No natural drains shall be discontinued without providing another means of handling surface water.

3. Low points in street grades and street intersections must be drained by catch basin and storm sewers unless drainage is provided by natural means satisfactorily by drainage easements.

4. All culvert pipes shall be of reinforced concrete and of a size and length approved by the City Engineer.

The right of way shall be cleared of all trees and vegetation, the entire width of the right of way shall be excavated or filled to sub-grade, 12" below the proposed finish grade. All stumps and top soil shall be removed in areas which are within four feet of the proposed finish grade. The sub-grade shall be crowned to insure drainage to the sides of the roadway, ¼" to the foot will be minimum.

Gravel, approved by the City Engineer will be laid on this sub-grade to a depth of 12" ie (proposed finish grade) and 40' wide.

The strip reserved for planting and or sidewalks will be graded and utilized at the discretion of the developer, but care should be taken to assure that surface water is confined to the roadway except at points of natural drainage.

NEW CULVERTS

Main Dunstable Road (24" pipe)
Ridge Road (24" pipe)

ROUNDING CORNERS

Lake Street corner Caldwell Road
Main Street corner Kinsley Street
Park Street corner Court Street
Lund Street corner Nowell Street

SEWER DISPOSAL

Cost 1960 — $187,340.87 $4.68 per Capita

Sewer construction in 1960 cost the City $142,378.46 or 20% of the department's funds. The cost of maintaining and replacing existing sewage

system accounted for $44,962.41 another 6%. Contracts were awarded and construction started on the Nashua Sewerage Treatment Plant and a portion of the Salmon Brook Interceptor.

The Westcott Construction Corp. was awarded the plant construction contract for $632,400.00 and Frank Frederick Construction Co. was the successful bidder on the interceptor project with a bid of $252,530.00. As of January 1, 1961 the plant was about 30% complete and the interceptor about 85% complete. It is now anticipated that construction of the Treatment Plant and the portion of the Salmon Brook Interceptor required at this time to comply with the N. H. Water Pollution Board's order will be completed in 1961.

State and Federal Funds are available to cover approximately 50% of this project. The department is maintaining four sewerage pumping stations at the present time. Three of these are in operation full time at Pine Street, Lund Road and Watson Street. The fourth is a flood control facility at the Bridge Street Bridge and is maintained for immediate use at all times in cases of flood conditions.

The Board of Public Works adopted a new policy the first of 1960 which requires developers who desire city sewer service to contribute about 50% of the cost of extending sewers. The city supplies all materials but the developer is required to place the system in the ground. $51,565.72 was spent by the City for materials used in extending sewer service to subdivisions, and it is safe to assume that the developers invested a like amount. The policy is as follows:

1. A house sewer connection, either new or replacement will be made by the City to an existing sewer main in front of a house. The entry fee is $150.00. The main sewer will be extended by the City a maximum of 50 ft. free of charge.

2. A commercial sewer connection, either new or replacement, will be made by the City to an existing main at the point of entry. Prior to the start of work, an estimate of the cost will be made by the city and a deposit of that amount or $1000.00 whichever is least will be made by the owner with the Public Works Department. Upon completion of the work involved, the difference between the actual cost (if it is less than the deposit) and the deposit will be refunded to the owner. If an extension of the sewer in an accepted street is required the procedure outlined in paragraph No. 3 will apply.

3. A connection requiring an extension of a main sewer line in an accepted street more than 50 feet will be laid by Public Works Department upon receipt of the $150.00 entry fee plus a $3.00 per ft. charge for each foot extension in excess of 50 feet except in the case of a known ledge condition when a greater rate will be charged depending on the depth of ledge anticipated.

Extension of sewer in new streets will be the responsibility of the developer. The Public Works Department will supply the pipe, brick, manhole covers and cement and establish line and grade. The developer will excavate, lay the main line and connections within the street right of way or easement, construct manholes and backfill the trench. In the event that excavating is required in a previously paved street, the drainlayer will properly resurface the disturbed area and leave it in as good condition as when found. All work must be done by contractor approved by the Board of Public Works and inspected and recorded by the Public Works Department

before backfilling. There will be no charge for the extensions or entries providing said entries are laid at the time. Any request for entries after the acceptance of the system by the Public Works Department will be constructed as outlined in paragraph No. 1 above. The contractor doing the work for the developer will be required to be covered by liability insurance and the City will not be held responsible for any damage caused by the project, either directly or indirectly. All necessary precautionary measures to assure the safety of the project (horses, flares, etc.) will be the responsibility of the contractor.

4. When it is necessary to construct a sewage pumping station or a sewage treatment facility in order to service a development, it will be the responsibility of the developer to construct same to satisfy the specifications of the Board of Public Works and State Health Department as to type and size of facility and to deed the necessary land for said installation to the City. Upon satisfactory completion of the installation, the Public Works Department will assume the responsibility of operating and maintaining it.

RUBBISH COLLECTION & DISPOSAL

Cost 1960 — $166,399.31 $4.41 per Capita

During 1960 the Department finished filling the Lewis Pit with sanitary land fill, and now is in the process of covering the area with earth. The Canal Street land fill area is being used and will be completed by early summer of 1961. The only other available disposal area is the Searles Road Dump. A need for additional disposal areas will exist in 1961.

The Caterpillar Traxcavator is used to maintain the disposal areas and is assisted by the Bull Dozer when necessary. The disposal operation at Canal Street and Searles Road also requires that cover material be hauled in by truck.

An 18 cu. yd. Gar Wood Packer Body was purchased to replace an old body. The same truck chassis was used. The Department now uses seven Rubbish Packer Trucks for normal collection and supplements with Dump Trucks when needed.

In 1960 the following work was completed:

The fence from the Main Gate to Cushing Ave., and the length of Cushing Ave. was scraped, primed, and repainted. All roads were scraped, graded, and kept free of weeds, and grass.

All lawns were cared for, with some six tons of fertilizer spread, all shrubs clipped, and flower beds maintained.

An additional 87 trees were fertilized. This was done in accordance with the advice of the Bartlett Tree Expert Co.

The truck was completely rebuilt, body straightened, repainted. All work except the body work, and repainting was done by our own personnel.

Curbings were removed in sections F and D in the old part of the cemetery. This will leave one more section of the old cemetery to be redone.

Trees and brush in and around the old pond were trimmed, and cut outfill is being put in here in hope that in the future we might grade this for lots.

A new chimney was built for the garage. This will enable us to dry the tent, canvases, etc. during the winter.

Respectfully,

Trustees of Edgewood Cemetery

JAMES L. BICKFORD, President
ALBERT A. DAVIS, Secretary

Total	$ 5,199.10

During the past year, the fence on the South Side of the West end of the Cemetery, along St. Joseph's Drive, has been completed to the Southwest corner of the Cemetery property. This project was paid for from Funds accumulated in the West Fence Reserve Account.

It is the desire of the Trustees to proceed with the completion of the Fence on the Hollis Street side of the West End of the Cemetery when sufficient funds are available.

During the past year the exterior and interior of the Chapel has been completely gone over, masonry repaired, interior painted, etc.

The Dunlap Fund having, with accumulated interest, reached the sum of $200.00, it has, in accordance with the terms of the bequest, been transferred to the Perpetual Care Fund, for the care of the Dunlap Lot.

Two Members of the Trustees, have passed away during the year; Ernest W. Gray, who has been a valued member since January 1925, and Arthur B. Wright, who has served since July, 1947.

The regular work of the Cemetery has been carried on, as usual, and the Cemetery maintained in as good condition as possible.

Respectfully submitted,

The Board of Trustees for Woodlawn Cemetery

STEPHEN W. BASTOW, President

ROBERT N. FRENCH, Secretary

Nashua, N. H., February 6, 1961

REPORT OF THE CITY SOLICITOR

YEAR ENDING 1960

April 20, 1961

To His Honor the Mayor and Board of Aldermen

City Hall Building

Nashua, New Hampshire

Gentlemen:

During the year 1960, I performed to the best of my ability all the duties appertaining to my office as City Solicitor. Upon request I have

drafted all resolutions, ordinances, contracts, deeds, leases, easements, written opinions and all other legal instruments affecting the City of Nashua.

I have prosecuted several civil actions brought by order of the City and have appeared in defense of all law-suits brought against the City and its officers in their official capacity.

I have also prosecuted criminal cases in Municipal Court whenever requested by the Chief of Police.

Respectfully submitted,

LEO R. LESIEUR
City Solicitor

TRUSTEES REPORT FOR 1960

To Mayor Mario J. Vagge, Nashua Board of Aldermen, and the Citizens of Nashua:

The Trustees of the Nashua Public Library present their 1960 annual report of the activities of the Library to which is appended the report of the Librarian.

The Board has added another year of substantial progress, improved its service to patrons, and gained enthusiastic public acceptance. Facilities have improved under careful planning. Meanwhile, of course, the community continues to grow with many new areas under development.

Our Bookmobile has been in service a year and is proving of great influence to residents of outlying districts. You will note that more than 91,000 books were circulated in this, our first complete year of mobile service. The activity in books, film programming, and related library service is evidence of excellent supervision and satisfactory planning.

The Chandler Memorial Library Planning Committee under Chairman Frank B. Clancy with the assistance of Mrs. Edith G. Carter, Edward C. Smith, S. Robert Winer and Walter S. Nesmith successfully launched the Chandler Memorial Library in September. This is a genuine achievement, and it will provide, for the first time, effective, adequate, and accessible library service to residents of the south side of the city.

The Board of Trustees and all who have used our facilities join us in our grateful appreciation for the loyal efforts of our Librarian and his staff during 1960.

Respectfully submitted,

FREDERICK H. DOBENS, Chairman
Board of Library Trustees

LIBRARIAN'S REPORT

To the Board of Trustees of the Nashua Public Library:

IN REVIEW

The year 1960 has been a year of expansion, of progress, of improvement and change — a strenuous year for the Nashua Public Library and its staff.

The public library played a more significant role in the community's life in 1960 than it did in 1959. In all respects Nashuans made more use of their public library. They borrowed more books, by 30,421; asked more questions; borrowed more motion picture films and have indicated a keen interest in phonograph records.

If any of these gains is of particular significance, it is the fact that 85 per cent of children in grade one through six are registered as library users: they are borrowing a higher and higher proportion of the books lent. This is one of the major results of the Bookmobile operation and the opening of the Chandler Memorial Library. In great part these books borrowed by children are not directly connected with school assignments. Now that good books are easily accessible, children want to read more.

CHANDLER LIBRARY

The Chandler Memorial Library was opened September 1, 1960 and officially dedicated October 10. The Chairman of the Library Board of Trustees indicated in his report that this was "a genuine achievement, and it will provide for the first time in the city's history effective, adequate, and accessible library service to all residents of the south side of the city."

Credit for the successful opening of this library must be given to the Planning Committee of the Board of Library Trustees under the chairmanship of Frank B. Clancy. It would, however, be an unfortunate oversight if credit were not also given to Mayor Mario J. Vagge who made the funds available, also to John Carter and Bliss Woodruff, the library architects. Deserving of credit also are Library staff members Miss Rachel Sanborn and Miss Elizabeth Spring for the difficult task of selecting the book titles as well as to Mrs. Louise Price, Mrs. Eleanor Monius and Miss Etta Lovejoy for their role in processing the materials.

HUNT LIBRARY

During the last three years we have had the Hunt Library repainted and new lighting has been installed. In view of the appearance of this building in 1957, this is a most desirable accomplishment. Other repairs have also been tended to. The tower has been re-roofed and the pointing of the outside brick was made. However, in any review of this physical facility we are confronted with the unavoidable admission that it has not kept pace with the development of our service or with the growth of Nashua.

Our Main Library, Hunt, was built in 1903. There are at the moment less than one hundred feet of accessible shelf space not being used. If all of the books out of the library at any one time were to be returned, we would have no shelves on which to place ninety per cent of them. If we add as many books to Hunt Library in 1961 as we did in 1960, we shall have less than one-half the shelf space we need on which to keep them. The Children's room is inadequate. We cannot provide any additional book space or reading space for high schoolers within the present building. In addition the library is hampered in its attempts to conduct music programs, lectures, film shows and discussions by the lack of meeting rooms and an auditorium.

Our Technical Processing Department is receiving, billing cataloging, classifying, preparing books for circulation and performing the other duties essential to the proper maintenance of our book collection in a space of 400 square feet. This is the space we had in 1950 when we were handling 2,100 books a year. In 1960 we processed 12,000 books. In my annual report of 1958, I emphasized the inadequacy of our work room. It is therefore, unnecessary to repeat this again this year.

The present central library building has been recognized as inadequate for many years. It serves as library headquarters for a population which has increased 67 per cent since 1903. The present building cannot possibly meet the requirements of present day librarianship!

It is my recommendation that a Long Range Planning Committee be appointed which will evaluate present facilities and services and which will also determine the requirements for many years to come.

PERSONNEL

One of the principal problems confronting library administration this past year has been the recruitment of personnel. The length of time it takes to find a new employee is of considerable concern to me. It took almost a year to find a trained librarian to be in charge of the Chandler Library. For other non-professional library positions it was not unusual to look three to six months to find an able person. The vacancy resulting from the resignation of Mrs. Monius in December at Chandler Library is still vacant.

I regret to report that little progress has been made this year toward developing a classification and pay plan. It is by increasing our salaries and adopting a classification pay plan that we shall be able to compete successfully in the very tight labor market. Until such a plan is adopted we cannot hope to strengthen the morale of our present staff or eliminate existing inequalities. This is a matter of major importance and one to which our Trustees should give serious thought this coming fiscal year.

FILMS

The continued use of our most recently added service, 16 mm motion pictures, made for a busy year. There were 5747 in audience attendance at films borrowed from the Library. Attendance at film showings in the library, both at Chandler and Hunt, was 1563. A total of 175 films were loaned practically to all church groups and to many industries, labor unions, Boy Scout Group, the Mental Health Association and other organizations. Miss Elizabeth Spring, our Reader's Advisor, who handles this service is to be congratulated for the excellence of this relatively new undertaking.

EXHIBITS — DISCUSSION GROUPS

A valuable fixture of public library service was the continued series of art, educational, and informational exhibits which were displayed throughout the year. Under Miss Elizabeth Spring's direction this service will be expanded in the new year to include the Chandler Memorial Library.

Our Great Books Program continued to expand with the organization of a new first year group, bringing the total number of these adult groups to eight.

The library has also cooperated directly and indirectly in the sponsorship of several book review lectures, Great Decisions, and World Politics Discussion Groups. The Chandler Library sponsored several pre-school story hours while simultaneously conducting coffee hours with the mothers of the children where books were discussed.

FRIENDS

We have had the pleasure to cooperate with various community groups throughout the year. A complete list would be too long to include here, but of special note are the various Parent-Teachers' Associations, the League of Women Voters, the Chamber of Commerce, and the Rotary Club, and Rivier College.

The Nashua Telegraph gave space generously for Library announcements. Editorials and stories presented the Library's problems and explained its services. Feature articles were published on the Chandler Library, the work of the Bookmobile and other special phases of the Library's work.

Radio Stations WSMN, WOTW, and our local banks have been helpful in publicizing our activities.

The Library also owes much to its friends in the community: Aaron A. Harkaway, Mrs. Loren F. Richards, Miss Natalie Roode, Lawrence Vietch and Miss Emma Nicol for their contribution to the success of National Library Week.

I wish to take this opportunity to thank these organizations and individuals and the many interested citizens who have assisted us during the past year.

In closing I would like to express my thanks to the Board of Library Trustees for their counsel and continued assistance. I want also to express my sincere appreciation to each and every person on the library staff for a year of plain hard work—a year, however, not without its successes.

Respectfully submitted,

JOSEPH G. SAKEY, Librarian

REPORT OF THE PARK-RECREATION COMMISSION

December 31, 1960, Nashua, New Hampshire

To His Honor, the Mayor, and the Board of Aldermen:

Gentlemen:

The Park and Recreation Commission respectfully submits its annual financial and activities report for the year 1960.

Respectfully submitted,

WILFRED GRANDMAISON, Chairman
GEORGE G. GOULET, Vice-Chairman
ALEXANDER BUDER, JR., Clerk
I. SEYMOUR GOODMAN,
JOHN W. LATVIS, Commissioner

ANNUAL ACTIVITIES REPORT
PARK-RECREATION DEPARTMENT

December 31, 1960

BIDDY BASKETBALL (BOYS)

The Biddy Basketball League for boys got underway in January of 1960. This league, sponsored by the Park and Recreation Commission and the Nashua Lodge No. 720 B.P.O. Elks, accommodates boys ranging from nine to twelve years of age. The 1960 roster consisted of fourteen teams which played twice a week, Friday nights and Saturday mornings. There were approximately three hundred youngsters taking part in this activity during the winter. The league was allowed to use, through the co-operation of the Board of Education, the school auditoriums located at the Fairgrounds, Ledge Street, Charlotte Avenue, and Junior High.

BIDDY BASKETBALL (GIRLS)

There were six teams listed under the Girls Biddy Basketball League for the season of 1960. Nearly three hundred girls made up the various teams. The games which were held on Friday evenings and Saturday mornings took place, through the courtesy of the Board of Education, in the school auditoriums located throughout the city.

BASKETBALL BANQUETS

Following the conclusion of the basketball season, the annual banquets for the boys league and the girls league were held at the Junior High School. The former banquet, sponsored by the Nashua Lodge No. 720 B. P. O. Elks and the Park and Recreation Commission, was attended by close to five hundred. During the girls banquet, sponsored by the Park and Recreation Commission, awards were presented to Miss Biddy Basketball, the season's High Scorer, and the year's Most Co-Operative Player. Parents, through purchasing tickets for the banquets, helped to sponsor these affairs as did the various social, civic, and industrial organizations with their donations. It is to be noted that these dinners were the most successful ever held.

SKATING

The cold weather of the past winter season provided many fine days of good skating. The various skating rinks were located at Marshall Street, Atherton Avenue, Textile Field, and South Common. The skating rink which was formerly located at Little League Park was transferred to Holman

Stadium in order to accommodate a vast number of enthusiastic skaters. As requested by the Park and Recreation Commission, a hockey rink was erected at Marshall Field, to be used by the Nashua High School Independent Hockey Team as well as youngsters and adults of the vicinity.

PLAYGROUNDS

The fifteen playground areas were kept busy throughout the nine week summer period. An average of 1500 to 2000 children visited these areas, where they not only enjoyed using the facilities, but also took part in various activities directed by the boy and girl playground supervisors. The areas were opened from 9:00 A. M. to 4:30 P. M. Monday through Friday and from 9:00 A. M. to 11:00 A. M. on Saturdays. The playground schedule was arranged so that all age groups could take part in the games and events. The younger children played bean bags, ring toss, dodge ball, horseshoes, and checkers.

The arts and crafts instructors who met with the children once a week, assisted them in many projects including the decorating of boxes and plates, stuffing of animals, and making of articles from leather goods, felt and jewelry.

A softball league was held as part of the playground program. The teams were divided into the North and South Leagues, the former consisting of Sullivan Park, South Common, Fairgrounds, and Textile, and the latter North Common, Atherton Avenue, Charlotte Avenue, and Bridge Street. Sullivan Park team emerged as the season victors.

The annual Championship Day was held at the close of the season. This event, held in conjunction with the Nashua Lodge No. 720 B. P. O. Elks, was attended by over 550 boys and girls who were selected from the city's fifteen playgrounds. First, second, and third prize ribbons were awarded to winners of such events as races, ball throwing, horseshoes, base running, ring toss, checkers, and bean bags.

Following the closing of the playgrounds the annual parties were held. There were between 2400 and 2500 children feted during the afternoon at the playground areas. The children were served ice cream, gum, candy, and lollipops. We wish to thank Mr. Norman Jeannotte who helped to make the parties a success by contributing one half the cost of the ice cream. Mr. Connor, manager of Scott Jewelry Store, presented the playground trophy to Mary Ford, supervisor at Temple Street. This trophy was given in recognition of Miss Ford's outstanding leadership and ingenuity shown in the activities with which she kept the children busy.

In appreciation of the fine co-operation and for a job well done, the Park and Recreation Commission sponsored a cookout for the playground supervisors. Through the kindness of Miss Martha Bucknam, one of the arts and crafts instructors, the party was held at her summer home on Cobbetts Pond. There is no doubt that this party was a splendid way to end out the playground season.

WADING POOLS

The eight wading pools located at Greeley Park, Belvedere, Atherton Avenue, South Common, Textile, Sullivan Park, Temple Street, and one adjacent to the Centennial Pool on Sargent Avenue, were kept busy due to the many hot and humid days.

These pools which are the type with a sprinkler head and through which water is allowed to run constantly were kept in fine condition. Only about ten inches of water is allowed to accumulate in the bottom of the pool to insure the safety of the children.

FOURTH OF JULY FIELD DAY

The annual Fourth of July Field Day, sponsored by the Better Nashua Incorporated and directed by the playground supervisors was held at Holman Stadium. This event proved to be highly successful again this year. Approximately 600 youngsters took part in the games and activities and prizes were awarded the winners. Refreshments were served to the youngsters in the latter part of the day. A huge fireworks display was witnessed that evening by a capacity crowd.

BASEBALL

The Babe Ruth League for boys ranging from ages twelve to fifteen years was held for the sixth consecutive year. Registered with the National Babe Ruth League Inc. they played according to national rules. Complete uniforms were furnished all the players. There were 130 boys listed on the seven teams and these teams played twenty-one games apiece. The All Star Team, selected from league play, took part in the State Babe Ruth Tournament in Concord, New Hampshire.

SOFTBALL LEAGUE

Four teams made up the 10th Annual Girls' Softball League. These teams, the Gold Sox, Blue Sox, Red Sox, and Green Sox, had nearly 100 girls registered in all. The players were provided with uniforms, bats, balls, gloves, and catchers equipment. The Blue Sox team managed by L. Vaillancourt and M. Cloutier were the season's champions.

SWIMMING POOLS

As in the past, the Field's Grove swimming area was a busy spot this summer. Pool Supervisor, Mr. Claude Raby, stated himself that he had never seen so many youngsters enjoying the facilities as he did this season. The pool was open from nine in the morning until eight in the evening, Monday through Saturday, and from one to eight on Sunday. The pool was well supervised by Mr. Raby and his five lifeguards. For the tenth consecutive year Mrs. Esther Booth served as matron. She was in charge of the bathhouse and was well qualified to administer first aid whenever it was necessary.

The Centennial Pool, located on Sargent Avenue, proved to be a popular swimming area during the 1960 summer season. Mr. Wayne Connor, Supervisor, was capably assisted by six lifeguards. Mrs. Hazel Johnson as the new matron at the pool did a splendid job. In charge of checking facilities, Mrs. Johnson was an asset to the pool organization as she was well qualified to administer first aid when necessary. The pool hours were from 9:00 A. M. to 12 noon, from 1:00 P. M. to 5:00 P. M., and from 6:00 P. M. until 8:00 P. M. during the week. On Sundays, the pool was open from 1:00 P. M. until dark.

Miss Patricia Desrosiers served as swimming instructress once again at Field's Grove. Mrs. Connie Mynter helped get the swimming pool program underway at Centennial Pool. Mrs. Mynter, due to personal reasons, left at the end of July and was replaced by Mrs. Francis Frost who served as instructress until Miss Diane C. McCallister was able to take over the position the first of August. Approximately one thousand children took part in the swimming classes conducted at both pools. Beginners, Intermediates, and Advanced Classes were held to accommodate children of various ages. It is to be noted that adult classes were held in the evenings.

AQUATIC DAYS

August 23rd found nearly four hundred youngsters accompanied by their parents at the annual aquatic day program at the Field's Grove swimming pool. This event was held at the close of the season, and is sponsored by the Nashua Kiwanis Club in conjunction with the Park and Recreation Commission. A series of demonstrations and races were held, following which there was a presentation of awards to winners and certificates to those who had completed the classes. The afternoon's program was arranged by Miss Patricia Desrosiers, Swimming Instructress.

On August 25th the annual aquatic field day, sponsored by the Kiwanis Club and Park-Recreation Commission, was held at the Centennial Pool. Races and games were conducted for all the children who had taken part in the swimming instruction program during the summer. These events were under the direction of Miss Diane C. McCallister, Swimming Instructress. At the close of the program, Red Cross Certificates were awarded to the children who had passed their swimming tests. Prizes were also given at this time to the winners of the different swimming races. At the conclusion of the events life saving demonstrations were given.

DANCES

Nancy Caron, thirteen, and her brother Gilbert, fourteen, were named Miss and Mr. Teen-Ager at the annual Teen-Age Dance held in late August. As an outdoor record hop, the dance took place at the Indian Head Parking lot; it was sponsored and conducted by members of the Park and Recreation Commission.

GREELEY PARK

The lovely weather of the 1960 summer season drew tremendous crowds to Greeley Park where families from this city and surrounding locales enjoyed the many facilities available at the park. The twenty-four outdoor fireplaces were kept in constant use by independent organizations as they held their cookouts and picnics there. Youngsters thoroughly enjoyed the playground equipment including swings, slides, merry-go-rounds, etc. erected at this park. It is to be noted that the park was not restricted to merely New Hampshire residents but was open to visitors from nearby states as well.

The playground and picnic areas as well as the wading pool were kept under surveillance during the day and evening hours by two attendants, Mr. Grover Dicey and Mr. Ernest Laycock.

All plants needed for bedding out purposes or used for other reasons by the Park Department are grown in the greenhouses located next to the Park Department office. All the beds of flowers are planted at Greeley Park and at such locations as Deschenes Oval, the monument, Stark Square, Foster Square, and other spots throughout the city. Tourists from New Hampshire and other states enjoy not only the various facilities of Greeley Park but also its beauty and serenity.

COMMUNITY BUILDING

The Palm Street School, as in the past, was under the jurisdiction of this department. As a Community Building, this school was used by the Arts & Crafts Association, Boy Scouts, Boy Scout Leaders, the Artists' Club, the physically handicapped, the Barbershop Singing Quartet of America, and other community groups. A schedule was arranged to accommodate the meetings held by the various clubs and organizations.

POP WARNER

Due to the tremendous success of the Pop Warner Football program held during the 1959 season the league was organized again this year. Its main objective is to foster and build character, sportsman-like attitudes, and correct social conduct in the youth of the city. These ideal traits were reflected in the life of Glen S. "Pop" Warner, Amos Alonzo Stagg, and other distinguished members of the American Football Coaches Association. By having youngsters take part in a team activity such as football, it is hoped that they will develop a sense of fair play and fellowship. The game itself is conducted according to rules of safety with the welfare of the boys being kept first and foremost in the minds of the organizers. It is expected moreover that there will be no selfish desire for glory on the part of any player or coach.

According to the rules, a youngster cannot be over thirteen years of age as of September 1, 1960 and no boy can weigh more than 115 pounds. The time of the playing quarters was four eight minute periods. Each player was fully equipped with adequate football gear which provided him with suitable protection from head to toe. The type of footwear was sneakers with rubber cleats.

Before any boy was eligible to register in the league he was obliged to pass a doctor's examination. The sustainment of a sound physical condition was attested to by the constant vigil of the team coach.

The 1960 Pop Warner League was composed of the following teams: Bankers, sponsored by the Nashua Co-operative Bank (Mr. Russell Evans, Mr. Charles Rutter); Pepsis, sponsored by the Pepsi Cola Bottling Company of Manchester (Mr. Robert Jolicoeur); Steers, sponsored by Nashua Beef Company (Mr. Larry Elliot); and the Marauders, sponsored by Philip Morris & Co. (Mr. Robert Morris). These sponsors financed the entire cost of equipping each team. The Park and Recreation is indeed grateful for their fine cooperation and assistance without which the football league would not have been possible.

The coaches for the above teams were as follows: Bankers—Mr. Robert Young, David Marshall, M. D., Mr. Joseph Eason; Pepsis—Mr. Robert Gingras, Mrs. John Wardner, Mr. Warren Tomasian; Steers—Mr. Harold Baldwin, Mr. Alec Ferris, Mr. Ed Dichard; and Marauders—Mr. Joseph G. Shea, Mr. Robert Green. The league officials were Mr. Emil Bozek, Mr. Robert Gabriel, Mr. Hollis Harrington, Mr. Wilfred Michaud, Mr. George Sousane, and Mr. Francis Tate.

On September 9th the first Pop Warner Football Jamboree was held at the Holman Stadium. The purpose of this Jamboree was to raise enough money to sponsor a traveling team which would represent Nashua in Suburban Boston Pop Warner Football Conference. Seven teams from Massachusetts took part in the Jamboree along with the local football teams. During intermission, the 18th United States Army Band from Fort Devens, the Milford Spartan Drum and Bugle Corps, the Nashua High School band, and the Everett Girls Drill Team performed for the enjoyment of all. The Park and Recreation Commission is deeply grateful to the leaders of these groups for their cooperation. The Commission especially wishes to thank Senior Senator Styles Bridges and John Warrington through whose efforts the services of the army band was procured.

It is to be mentioned that the success of the Jamboree was due in part to the interest and cooperation shown by the merchants of Nashua, the various clubs and organizations of the city, and the loyalty of families and

friends of the football players. It is to be noted moreover that had it not been for these kind persons, the Nashua Traveling Team (Crusaders) would not have been able to take such an active part in the Boston Conference. This team, coached by Mr. Henry Beaulieu, Mr. Edward Leconte and Mr. Fred Pollard, emerged as winners of the North Shore Conference after a playoff contest against Swampscott. The Crusaders later went down to defeat when they met Wellesley who had captured the South Shore Division Crown.

The Second Annual Pop Warner Football League Banquet was held on November 29th at McNulty and Foleys. Toastmaster for the evening was Mr. Buddy Harvey. Sharing the speaker's platform were Mr. Lou D'Allesandro and Mr. Paul Bellavance, Co-captains of the U. N. H. football team. Following the presentation of pictures, awards were given to the Season Champions, the Bankers. The Exchange Club Trophy was then presented to these champions following which awards were given to the Crusaders, champions of the North Shore Conference.

FILM

I wish to take this opportunity to advise everyone—individuals, groups, social, and civic clubs—that the recreational activities and projects promoted by the Park-Recreation Commission are on 16 millimeter colored film. This film is available for showing to anyone interested during the year. We have had many favorable comments on the film as it precisely depicts the work done for the children by the Commission.

CONCLUSION

In addition to the above mentioned activities, this department has charge of the maintenance of all its equipment, both playground and motorized. The normal maintenance requirements as dictated were accomplished.

Permits were issued for the use of all of our facilities by interested agencies. Our baseball and softball diamonds were used during the season by the Babe Ruth League, Girls Softball League, Industrial League, and many independent teams. These permits are issued on a first come first serve basis and there were no conflicts during the season.

Little League Park was reserved exclusively for the Little League. A permit was issued to them to play their entire schedule at this location. We are charged with the maintenance of this park.

Holman Stadium was utilized by the Senior High School, Junior High School, Babe Ruth League, American Legion, Northeast League.

The success enjoyed by any program is dependent upon the cooperation of all parties and groups concerned. I want to express my thanks to the various managers, coaches, playground and swimming pool staffs, and all who contributed to making our recreational program one of the very best for a city of its size. I also want to thank and express my sincere appreciation to the members of the Park-Recreation Commission of their fine cooperation and assistance.

Respectfully submitted,

RAYMOND F. LEE

Director of Recreation
Superintendent of Parks

REPORT OF THE BOARD FOR THE EXAMINATION OF PLUMBERS

To His Honor the Mayor and Board of Aldermen
City of Nashua, New Hampshire

Gentlemen:

The following is the Annual Report of the Plumbing Board for the year ending December 31, 1960.

The membership of the Board consisted of the following: Chairman Artemus Lovejoy, Master Plumber; Dennis F. Sweeney, Journeyman Plumber; Joel B. Hill, Secretary; Gerard Poliquin, Plumbing Inspector.

Five meetings were held during the year. Two examinations for Master's License were held and one passed. One examination for Journeyman's License was held and did not pass.

There were thirty-six Master's Licenses and sixty-seven Journeyman's Licenses issued during the year.

A total of 746 inspections in 471 buildings were made during the year.

Eighty-five plumbing law violations were investigated and corrected.

FINANCIAL STATEMENT OF PLUMBING BOARD FOR 1960

Appropriation	$	115.00
Expenditures:		
K-7 Office & Plumbing Supplies		89.00
Unexpended Balance	$	26.00
Receipts credited to Revenue	$	71.50

Respectfully submitted,

JOEL B. HILL, City Engineer

REPORT OF THE POLICE DEPARTMENT

February 27, 1961

Mayor Mario Vagge and Members of the Board of Aldermen
City Hall
Nashua, New Hampshire

Gentlemen:

The Police Commission of the City of Nashua herewith submits its report for the year 1960.

The annual appropriation to meet the expenses of the Department during the year 1960 amounted to $333,845.00. We expended $331,647.33, leaving a balance of $2,197.67.

The Department turned over to the City Treasurer $17,981.17. A breakdown of this amount is attached to this report and is marked "Schedule A."

The arrests for the year 1960 show persons charged with a specific offense totaled 2523. There were 1950 persons picked up by the police and later released. A detailed breakdown is attached to this report identified as "Schedule B."

At the beginning of November, the Department conducted an intensive recruitment drive encompassing the entire state. As a result, we were able to obtain, with no lowering of necessarily high standards, sufficient men to fill out our authorized strength for the first time in ten years. The Commission feels that the Department deserves a great deal of credit for the fine job it has done through the years despite the constant shortage of qualified personnel. Attached is a roster of the Department marked "Schedule C."

We would like to report that the City went through an entire year without a fatal automobile accident; however, on December 7, the record was shattered when a pick-up truck driven by Robert Wrenn and containing, besides the driver, his wife and two small children, collided with a B&M Buddliner at an unguarded crossing near the edge of town. The truck contained tanks of propane gas. All occupants of the truck were killed instantly. The accident claimed two other lives, a passenger on the train and the conductor.

Yours very truly,

BOARD OF POLICE COMMISSIONERS

WALTER F. EVANS, Chairman
WALTER L. BARKER
C. HENRY O'NEIL, Clerk

By: JOSEPH L. REGAN, Chief of Police

JOEL B. HILL
Administrative Officer

To His Honor the Mayor and Board of Aldermen
City of Nashua, New Hampshire

Gentlemen:

The following is the Annual Report of the Zoning Board for the year ending December 31, 1960.

The membership of the Board consisted of the following: Atty. Robert Welts, Chairman; Steven Vandalosk, Vice-Chairman; John Lafazanis, Clerk; Members Maurice L. Lemay and Leo Maynard.

Public hearings and meetings as required were held at frequent intervals during the year for the convenience of non-conforming petitioners for the purpose of making decisions upon their requests and also for the conduct of the affairs of the Board.

Number of Regular Meetings held	14
Number of Special Meetings held	7
Number of Viewings taken	14
Number of Cases for disposal	80
Number of Cases for re-hearing	5

DISPOSAL OF CASES:

Granted in full	52
Denied	24

L7	Office Supplies	101.40	
L19	Legal Advertising	116.40	390.12
	Unexpended Balance		$ 14.88
Receipts Credited to Revenue			$ 463.00

Respectfully submitted,
JOEL B. HILL
Administrative Officer

ANNUAL REPORT — 1960
NASHUA CITY PLANNING BOARD

BOARD MEMBERSHIP

Appointed Members:

Joseph M. Kerrigan (Chairman)	Term expires March 31, 1962
Oliver J. Dambroise	Term expires March 31, 1963
Robert J. Cross	Term expires March 31, 1964
Daniel R. W. Murdock	Term expires March 31, 1965
Donald C. Calderwood	Term expires March 31, 1966
Frank C. Sabluski	Term expires March 31, 1967

Ex-officio Members:

Mario J. Vagge, Mayor
Joel B. Hill, City Engineer
Wilfred Pelletier, Alderman

Planning Director

Leonard F. Hubbard

To His Honor the Mayor and Board of Aldermen:

Many fields of activity were touched upon by the Planning Board during the year. To facilitate the discussion of certain problems, four subcommittees were established dealing with Subdivision Regulations, Land Reservation, Zoning, and Parking. Policy was also established to differentiate between the work of the newly formed Traffic Commission and the Planning Board, and yet to maintain a proper liaison.

Five petitions for rezoning were acted upon. The first requested a change from Suburban to General Business so that business uses could extend to a depth of 1200 feet, west of the Daniel Webster Highway between the State Line and Spit Brook Road. The second petition requested a change from Suburban to Light Industrial applying to a portion of land west of the Everett Turnpike and adjacent to it, between Main Dunstable Road and the new loop of the interchange. The third petition asked for Suburban to replace Light Industrial zoning in an area south of Marie Avenue and extending to the Nashua River. The fourth request called for General Business to replace Suburban zoning along the south side of Amherst Street from the turnpike interchange to the Light Industrial boundary close to Airport Road. These petitions were granted.

A fifth proposal was denied. It applied to land situated on the north side of Amherst Street between Wellman Avenue and Charlotte Street. The land fronting on Amherst Street was, at the time, zoned for Local Business, and the remainder of the tract under consideration was, at the time, zoned Residential. The petition requested that the entire tract be rezoned to General Business.

Responding to the need for better control of new land development, the City Planning Board submitted to the governing board a proposed subdivision ordinance. These new regulations failed of passage, however. The Board intends to restudy the document and submit it in revised form at some later date, probably in the ensuing year.

The work of preparing the material for submission to the Housing and Home Finance Agency for recertification of the High Street Urban Renewal Project was undertaken by the Planning Board. This report included data compiled from the operating statistics of many city departments, and represented a general summary of progress in housing and city development. As a result of this submission, the City received official certification for the continued elegibility of its High Street Project for federal assistance.

At the request of the Housing Authority, technical assistance was given in an extensive revision of the general plan for the Urban Renewal Project. Adhering to the original project boundary and the ratio of off-street parking to commercial space, the redesign of the plan provided for more convenient and safer traffic flow, for the avoidance of some unnecessary hazards, and for some improvement in aesthetic qualities. The principal addition to the plan was a "ramp" to connect Water Street with Factory Street, eliminating the inadequate Washington Street connection between the same two streets. It was felt that, besides serving the movement of traffic around the project, the ramp connection would also serve as a first step toward an improved inner arterial connection which would extend ultimately, perhaps, to Pine Street.

A great deal of study was devoted to the proposed new Hudson-Nashua bridge facility. Information was furnished from the Department's files to the consulting firm which made an area traffic survey in the summer of 1960, under State sponsorship. An independent one-day traffic count of vehicles passing over the existing Taylor Falls Bridge was made by the City Planning Board in the last week of October, for the City of Nashua and the Regional Planning Commission. This survey was accomplished with the assistance of several of the City Engineer's staff and the services of an additional man contributed by the Selectmen of Hudson.

It is noteworthy that the one-day study, conducted from 6:00 A. M. to 6:00 P. M., demonstrated that 10,723 vehicles crossed the bridge in that period. They represented 23 states and Canada. These out-of-state vehicles totaled 700, or 6½% of the bridge traffic. This count is remarkable because the one-day study was carefully calculated to bring out the minimum average use of the bridge rather than the peak loading. The material from this study, prepared in graphic form, became an effective help, at a later date, in pressing for immediate action toward a new river crossing.

The same consulting firm which made the area traffic survey for the State Department of Public Works and Highways proposed to produce a complete parking survey of Nashua's business district for the sum of $15,000. The firm was interviewed but its proposal was not approved.

Numerous smaller studies and problems were considered by the Board. The possibility of retracing the city base map was set aside in favor of the preparation of photogrammetric maps from suitable air photography, a project to be undertaken by the Board of Public Works. Preliminary design studies were prepared toward the improvement of the West Hollis Street interchange connections and also the Library Hill area. A map of city-owned land and plot plans of land under city ownership were also prepared.

During the year, many official questionnaires were researched and returned. Two examples were those for the Federal Bureau of Public Roads and for the United States Department of Commerce, respectively. Many inquiries from business and civic organizations were serviced, and data furnished to prospective new industries. Conferences on special problems included those with the Boston and Maine Railroad on the East Hollis Street trackage alterations, and with the Federal Aeronautics Administration in reference to the location of its proposed multimillion dollar air control facility in Nashua. Public relations were maintained through press and radio, and one television appearance was made on the University of New Hampshire educational series where portions of Nashua were presented by maps and photographs for the purpose of illustrating problems relating to land development.

JOSEPH M. KERRIGAN, Chairman
Nashua City Planning Board

ANNUAL REPORT — 1960
NASHUA TRAFFIC COMMISSION

MEMBERSHIP

James H. Larrabee, Chairman
Archie M. Slawsby
Leonard F. Hubbard, Clerk

To His Honor the Mayor and the Board of Aldermen:

The Nashua Traffic Commission was established by the Mayor and Board of Aldermen in December of 1959. Appointments were made to the Commission by the Mayor early in January, 1960. The first meeting of the

new agency was held on February 1, at which time officers were elected. Eleven additional meetings were held during the calendar year.

At each meeting, proposals were considered for the alleviation of traffic conditions in various sections of the city. Some of these proposals required special studies and maps, all of which were prepared by the Clerk. Recommendations resulting from study and discussion were formally transmitted by letter, together with supporting maps or other material, to the Chairman of the Aldermanic Traffic Committee.

The recommendations forwarded to the Committee may be summarized as follows:

1. Removal of unoccupied store building at northwest corner of Pine and West Hollis Streets for widening and better visibility purposes.
2. Redesign of dangerous corner on Airport Road, near railroad track at east end of airport. Improvement to be on vacant land.
3. Redesign of intersections where East Dunstable Road, Lund Road, and Robinson Road join near the Turnpike.
   This redesign would include a rotary traffic circle, and call for improvement of the Salmon Brook bridge. Only vacant land required. This recommendation felt to be necessary before traffic from the Federal Aeronautics Administration construction is channeled into the area.
4. Addition of Boston directional signs on Main Dunstable Road to eliminate present confusion.
5. Elimination of natural or cultivated vegetation at 124 locations throughout the city constituting an accident hazard at intersections, and in violation of certain provisions of the zoning ordinance.
6. Cutting back of acute angle corner at the intersection of Auburn and Amherst Streets to facilitate turning movements and lessen accident hazard.
7. Cutting back of acute angle corner on the south side of Water Street at its intersection with Main Street, to promote easier turning movements.
8. Acquisition of a strip of land adjacent to and south of the Junior High School between Spring and Quincy Streets. This land would be used exclusively for school employee and school visitor parking purposes, and for the loading and discharge of school buses. This would increase the safety and efficient use of both Quincy and Spring Streets, and give fuller protection to school children being transported by bus.
9. Utilization of portion of block between Indian Head Bank parking lot and Cottage Street for metered public parking, possibly under a lease.
10. Installation of curb parking meters on both sides of Spring Street between Temple and East Pearl Streets.
11. Increase of Park Street width in Post Office block. Curb parking, 15 minutes, on north side of street opposite Post Office. Relocation of hydrant to inside of sidewalk on same side as Post Office to provide an additional legal parking space.
12. Removal of obsolete pavement markings on Turnpike in Nashua. Lifting of speed limit to 60 m.p.h in appropriate sections to conform with other Turnpike limits.
13. Removal of obsolete frame building at northwest corner of Palm and West Hollis Street to promote safety and visibility, and to set pattern for widening of this block to Pine Street.

14. Institution of traffic plan in reference to the Maple Street parking lot, including Mulberry Street one-way west from Main to Elm; Maple Street one-way north from Mulberry to West Hollis, with only a right turn permitted at West Hollis; Elm Street two-way from Kinsley to West Hollis Street.

15. Substitution of parallel for angle parking on both sides of Main Street from East and West Pearl Streets to East and West Hollis Streets when the Maple Street public parking lot becomes available for metered public use.

16. Widening and improvement of Park Street and a portion of Cottage Street to a 50' width from the Post Office to Cottage Avenue.

17. Acquisition of Jeanotte property on Elm Street for expansion of the Elm Street public parking lot. This would add 20 car spaces and align the parking lot access with Pleasant Street.

18. Rewording of Spring Street parking lot sign to promote greater use.

19. Establishment of metered curb parking between the Junior High School and the railroad on both sides of Spring Street. Elimination of curb parking in front of the school except for necessary "live parking" and school bus operations.

20. Improvement of the bridge and its approaches on Lund Road near Caldwell Road intersection.

Respectfully submitted,

JAMES H. LARRABEE, Chairman
Nashua Traffic Commission
